The Prince Of Tides:

The Prince of Tides Pat Conroy, 1987 A novel about a man's struggle to overcome the psychological damage inflicted on him during his dysfunctional childhood

Prince of Tides Pat Conroy, 1991-12-01 The tie-in to Columbia's major motion picture *The Prince of Tides* starring Barbra Streisand, Nick Nolte, Blythe Danner, and Melinda Dillon is the story of turbulent Tom Wingo, his gifted and troubled twin sister Savannah, and the dark and violent past of the extraordinary family into which they were born. Delayed from September

[Reading Country Music](#) Cecelia Tichi, 1998 With its steel guitars, Opry stars, and honky-tonk bars, country music is an American original. Bringing together a wide range of scholars and critics from literature, communications, history, sociology, art, and music, this anthology looks at everything from the inner workings of the country music industry to the iconography of certain stars to the development of distinctive styles within the country music genre. 72 photos

The Companion to Southern Literature Joseph M. Flora, Lucinda Hardwick MacKethan, 2001-11-01 Selected as an Outstanding Academic Title by Choice, Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association. There are many anthologies of southern literature, but this is the first companion. Neither a survey of masterpieces nor a biographical sourcebook, *The Companion to Southern Literature* treats every conceivable topic found in southern writing from the pre-Columbian era to the present, referencing specific works of all periods and genres. Top scholars in their fields offer original definitions and examples of the concepts they know best, identifying the themes, burning issues, historical personalities, beloved icons, and common or uncommon stereotypes that have shaped the most significant regional literature in memory. Read the copious offerings straight through in alphabetical order: Ancestor Worship, Blue Collar Literature, Caves, or skip randomly at whim: Guilt, The Grotesque, William Jefferson Clinton. Whatever approach you take, *The Companion's* authority, scope, and variety in tone and interpretation will prove a boon and a delight. Explored here are literary embodiments of the Old South, New South, Solid South, Savage South, Lazy South, and Sahara of the Bozart. As up-to-date as grit lit, K Mart fiction, and postmodernism, and as old-fashioned as Puritanism, mules, and the tall tale, these five hundred entries span a reach from Lady to Lesbian Literature. The volume includes an overview of every southern state's belletristic heritage while making it clear that the southern mind extends beyond geographical boundaries to form an essential component of the American psyche. The South's lavishly rich literature provides the best means of understanding the region's deepest nature, and *The Companion to Southern Literature* will be an invaluable tool for those who take on that exciting challenge.

Description of Contents: 500 lively, succinct articles on topics ranging from Abolition to Yoknapatawpha; 250 contributors including scholars, writers, and poets; 2 tables of contents, alphabetical and subject, and a complete index; A separate bibliography for most entries.
