Reality in Our Times Astrid Marie Holand, Per Bjarne Ravnå, 2026-07-14 In the post truth condition epistemic uncertainty is a key problem If nothing can be perceived as real true or certain what does that mean for our ability to master our lifeworld Human s internalised relation to the existence non existence of a stable truth or recognisable reality inevitably influences how we deal with mediated reality as well as historical reality and how we work to make sense of our past and present What does this mean for understanding media for writing history for performing social science This is our starting point for this anthology We demonstrate how social scientists across a broad spectrum of academic fields understand processes of reality formation When we are discussing reality formation we discuss reality constructions based on certain experiences expectations interests or political intents We do this by showcasing new empirical studies organised in three sections 1 Re constructing On and Offline Reality 2 Inventing constructing Historical Reality and 3 Making Sense of Reality when Your World is at Stake followed by a more philosophically oriented section 4 The Philosophy of Reality Construction where we discuss challenges to truth reality and history science in the post truth condition

Myth From the Ice Age to Mickey Mouse Robert W. Brockway, 1993-11-18

Brockway exposes Western mythic thought from Paleolithic times to the present Myth and mythic thinking did not cease with the rise of science and philosophy during the Enlightenment but continue to flourish in modern times The author shows how mythic themes continue to occur in both high culture and popular arts *Myth and Knowing: An Introduction to World Mythology* Scott A. Leonard, Michael McClure, 2004 Myth and Knowing is by far the most comprehensive world mythology textbook The text reader format provides both jargon free discussions of current themes and thinkers in the ongoing scholarly conversation about myth and a broad selection of complete myths chosen for literary merit and the cultural sensitivity of their translations Rather than being genre driven the book emphasizes the psychological religious and cultural meanings of myth presenting these with the intent of fostering in students a love of literature *The Mythology of All Races* Louis Herbert Gray, George Foot Moore, John Arnott MacCulloch, 1916 **End Times to 2019** David Montaigne, 2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible's seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don't let someone else tell you which parts you should focus on No this isn't what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren't meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book's publication would not have been tolerated by those in power But by now it doesn't matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24-36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more **Mythologies of the World** Ron Smith, 1981 This book surveys the important available books on mythologies of all parts of the globe and the cultural contexts from which the mythological traditions emerged Written as a series of bibliographic essays the guide opens with a description of major reference sources encompassing many cultures as well as those tracing particular themes

such as that of the creation across cultures The other bibliographic essays discuss sources for studying prehistoric mythologies the mythologies of West Asian peoples Mesopotamian Biblical Islamic and others South and East Asian mythologies European mythologies American Indian mythologies North Central and South American African mythologies and the mythologies of the Pacific and Australia An appendix on contemporary mythology mainly American discusses a wide range of works that examine the beliefs traditions and dreams that manifest themselves in spectator sports politics advertising and forms of popular culture in the United States RL *Teutonic Mythology* Viktor Rydberg,1906 **Wonders of the Past** Sir John Alexander Hammerton,1923 Harper's Magazine Lee Foster Hartman,Frederick Lewis Allen,1991 Primitive Culture Resaerches Into the Developement of Mythology, Philosophy, Religion Language, Art and Custom by Edward B.
