**Where the Torches are Burning** Pos Moua,2001 Here s a gathering of poems that plunges across rivers oceans and mountains and decades of time to be now poised and centered in the present moment The poet is a survivor a lover a young father And he is an immigrant who has already made his own deep connections with the landscape Can you leave your place on earth without losing your heart His question The final poem is on the matter of eternal return and continual emergence the deep coming and going of which we are all part So elegant Gary Snyder      **The Month** ,1909      *The Torch Master* Joseph A. Jensen,2012-05-04 This story begins were most stories end Disaster claimed their entire city The surviving men with two old monks searched for victims for two days until the shelling returned Then all efforts ended abruptly They escaped into the jungle leaving a young twelve year old boy buried in the rubble of war undiscovered The boys name was Michael He was the only child of missionaries that were headed to Japan when he was just six years old Tragedy landed them in the ocean just off the Korean coastline then into the gates of a hidden city The discovery of it would turn out to be the first episode in a great mystical journey not only for him but many The dreams of ten monks and fifteen families the visions of a beautiful Priestess and the records of a Head Monk that wrote every detail of them would all become reality And little Michaels destiny would be to live on to become a protector of those set behind the flames as a Torch Master Throughout this book there are twists and turns that will keep the reader in suspense Love romance comedy and horror surround each character Their following adventures are all linked to fulfill a destiny What destiny God only knows Our belief in God and heaven or nirvana in another life after death is common to all religions but the hope for this world is not      **“A” Collection**
