Langhout, 2021-08-13 Most wild animals are scared of us If we get too close to wild animals their instincts are to fight or flight Putting a wild animal in captivity does not domesticate it either The process of domestication requires tens of thousands of generations and selective breeding Sixteen year old Jessica Rainville s dream of working with exotic animals is about to come true She s signed up to spend a summer learning to train and care for tigers lions leopards bears and elephants at an exotic animal ranch She will pet tigers train grizzly bears ride bareback on elephants and despite her best efforts she will fall in love But Jessica s summer at the ranch will test her in ways that she never imagined And just one mistake can mean the difference between life and death **The Welfare of Performing Animals** David A. H. Wilson, 2015-02-20 This timely book describes and analyses a neglected area of the history of concern for animal welfare

discussing the ends and means of the capture transport housing and training of performing animals as well as the role of pressure groups politics the press and vested interests It examines primary source material of considerable interdisciplinary interest and addresses the influence of scientific and veterinary opinion and the effectiveness of proposals for supervisory legislation noting the current international status and characteristics of present day practice within the commercial sector Animal performance has a long history and at the beginning of the twentieth century this aspect of popular entertainment became the subject not just of a major public controversy but also of prolonged British parliamentary attention to animal welfare Following an assessment of the use of trained animals in the more distant historical past the book charts the emergence of criticism and analyses the arguments and evidence used by the opponents and proponents in Britain from the early twentieth century to the present noting comparable events in the United States and elsewhere
