Time Beyond Time:

A Love Beyond Time, in a World on a Timer Michael Centuori, 2022-10-14 He had to save the world to redeem his sins But the world had already ended So he lurched along through his pointless corporeal existence awaiting an overdue reunion with his perished family Bereft of purpose in a man made apocalypse Nobl worked in the most suicidal profession one known to expedite a longed for reunion with his wife and daughter They called it couriering the simple act of escorting people usually climate refugees escaping famine and drought from one place to another Desperate to leverage favor with the fates he eschewed all material attachments and compensation for his deeds As he dawdled over the years playing at living while his mind was lost in the afterlife a creeping and overwhelming feeling of failure to fulfill his destiny with his family took hold The contagion of this intractable depression drove him toward suicide On his way to die he happens upon a benign unremarkable young woman who unknowingly holds the key to saving a once thought to be unstoppable global warming feedback loop She possesses the one thing humanity needs to repent for its ancestors ecocide and more important to Nobl the one thing he needs to atone to get back to his family His mind is mired in the afterlife with his loved ones and the black hole pull of such a longing has him losing his earthly sanity more every minute But fate it seems is not finished with him yet [At The Feet Of The Master \(Manal Reiki\)](#) Madabusi Subramaniam, 2002 Reveals the ancient secrets of the initiation process through the oral tradition of Reiki [Timing and Temporality in Islamic Philosophy and Phenomenology of Life](#) Anna-Teresa Tymieniecka, 2007-09-19 From time immemorial concern with timing of life has been crucial for the regulation of human praxis as well as for the philosophical quest to understand existence by seeking its meaning The two used to inform each other until modernity when they parted In spite of the extensive progress in manipulating change and motion and of the abundance of metaphysical attempts to enlighten human beings about their fate the puzzling nature of temporality and timing of reality remains controversial The present collection of studies seeks a new answer by initiating a novel investigation informed by the ancient wisdom of the Greaco Arabic Islamic sources and inheritance on the one side and the contemporary discernment of Occidental phenomenology of life on the other in a common dialogical effort to unravel this great enigma of existence Papers by Anna Teresa Tymieniecka William C Chittick Reza Akbarian Daniela Verducci Michael F Andrews Seyyed Mohammed Khamenei Nader El Bizri Mehdi Aminrazavi Massimo Durante Abdul Rahim Afaki Maria Chiara Teloni A L Samian Kathleen Haney Jad Hatem Robert J Dobie Michel Dion [Swami Vivekananda's History of Universal Religion and its Potential for Global Reconciliation](#) Sister Gayatriprana, 2020-04-05 In the words of Swami Vivekananda 1863 1902 this book is a history of Vedanta a deeply subjective Indian spiritual tradition going back to prehistoric times There God is experienced and known directly in the depths of the human soul We learn of the social structures philosophical schools and practices of self transformation at its heart and how the tradition withstood a millennium of subjugation to Western Abrahamic religions with their extra cosmic deity and deep distrust of Vedantic subjectivity Vivekananda speaks from the

level of vijnana that permits of integration of both Indian subjectivity and Western objectivism opening a door to their conciliation with each other and indeed to any other of the global spiritual traditions An artist medical doctor and Vedantic nun Gayatriprana seeks to integrate Western science and Vedanta as in her doctoral thesis Learning in Depth A Case Study in Twin 5x5 Matrices of Consciousness https://jeanmacphail.academia.edu/Elisa_Pezzotta The Prison of Time Elisa Pezzotta,2022-08-25 We are imprisoned in circadian rhythms as well as in our life reviews that follow chronological and causal links For the majority of us our lives are vectors directed toward aims that we strive to reach and delimited by our birth and death Nevertheless we can still experience fleeting moments during which we forget the past and the future as well as the very flow of time During these intense emotions we burst out laughing or crying or we scream with pleasure or we are mesmerized by a work of art or just by eyes staring at us Similarly when we watch a film the screening time has a well defined beginning and end and screening and diegetic time and their relations together with narrative and stylistic techniques determine a time within the time of our life with its own rules and exceptions Through the close analysis of Stanley Kubrick s Adrian Lyne s Michael Bay s and Quentin Tarantino s oeuvres this book discusses the overall dominating time of their films and the moments during which this ruling time is disrupted and we momentarily forget the run toward the diegetic future suspense or the past curiosity and surprise It is in these very moments as well as in our own lives that the prison of time through which the film is constructed and that is constructed by the film itself crumbles displaying our role as spectators our deepest relations with the film

The Eschatological Person Andrew T. J. Kaethler,2022-07-12 Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God s self disclosure in the person of Jesus Christ Like us Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person Yet Jesus the one who has time for us ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological With this in mind the ontological question of personhood and temporality is a question that concerns eschatology how does eschatology shape personhood Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time this book explores their respective approaches and answers to the aforementioned question While the two theologians share much in common it is only Ratzinger s relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence

The Potlatch Papers Christopher Bracken,1997-12-08 Variousy described as an exchange of gifts a destruction of property a system of banking and a struggle for prestige the potlatch is considered one of the founding concepts of anthropology However the author here dismisses such a theory arguing the concept was invented by 19th century Canadian law for the purpose of control 9 halftones Ethics in Light of Childhood John Wall,2010-08-12 Childhood faces humanity with its own deepest and most perplexing questions An ethics that truly includes the world s childhoods would transcend pre modern traditional communities and modern rational autonomy with a postmodern aim of

growing responsibility It would understand human relations in a poetic rather than universalistic sense as openly and interdependently creative As a consequence it would produce new understandings of moral being time and otherness as well as of religion rights narrative families obligation and power Ethics in Light of Childhood fundamentally reimagines ethical thought and practice in light of the experiences of the third of humanity who are children Much like humanism feminism womanism and environmentalism Wall argues a new childism is required that transforms moral thinking relations and societies in fundamental ways Wall explores childhood s varied impacts on ethical thinking throughout history advances the emerging interdisciplinary field of childhood studies and reexamines basic assumptions in contemporary moral theory and practice In the process he does not just apply ethics to childhood but applies childhood to ethics in order to imagine a more expansive humanity
