

## do you have the time?

i think you can tell a lot about a person  
by the way they talk about time.

if time is something linear or cyclical.  
if they talk about their life as though  
it goes through seasons the way nature does  
or if it is something ever growing,  
always moving forward.

if they talk about failure as though  
it is several steps back on their timeline  
or simply a change of course.

if they describe the day according to  
the clock or to the sky.  
was it 5am or dawn?  
8pm or twilight?

i love to notice whether they speak as though  
the hours ahead are an opportunity  
or if they are an order.

i love to wonder,  
is time something that carries them  
or something they are carrying?

i don't really know what to do  
with this knowledge.  
i just like having it.

i just like the thought that i can tell  
something  
other than the time.
