Time Clock Trooper Poetry For Rest And Relaxatio:

Time Clock Trooper Terry C. Wheeler, 2004-07 This book is the result of some of the random thoughts that occur to me on a daily basis Some of the poems are from life experiences and some are complete fantasies However you will find a lot of truth in most of them If nothing else they may take you away from the everyday hassle of being hard at it trying to make a living and give you some quiet time to unwind I was born and raised in Kansas and spent my childhood years in the rural part of a city I was fortunate to be brought up in a close and loving family environment In fact my grandparents were only one wheat field away from us Needless to say there was a well worn path between our house and theirs I m the oldest of five boys and have an older sister While growing up we moved around the country a lot as my father was an aircraft mechanic and was transferred from one state to another We finally settled in California where I finished high school and attended a local junior college for one year I was drafted into the United States Army in 1966 and served a year in Vietnam While there I was awarded the Purple Heart the Army Commendation medal and the Bronze Star medal I was honorably discharged from the service in 1968 The whole thing was enlightening as well as a challenging experience Upon leaving the service I was again indeed fortunate I met and married the girl of my dreams Kenna and I have shared our lives now for 36 years and I m a better man for it We both were blessed with a wonderful daughter Melissa who in turn blessed us with two loving grandchildren Nicole and Nolan I love writing poetry and have also made fourteen of the poems included in this book into songs This is a field I will try to pursueas I find it not only challenging but very satisfying as well I do model railroading in my spare time and I am still punching a time clock working at a full time job
