Thamyris Nanny M. W. de Vries, Jan Best, **Anti-Veiling Campaigns in Turkey** Sevgi Adak,2022-02-24 The veiling and unveiling of women have been controversial issues in Turkey since the late Ottoman period It was with the advent of local campaigns against certain veils in the 1930s however that women s dress turned into an issue of national mobilisation in which gender norms would be redefined In this comprehensive analysis of the anti veiling campaigns in interwar Turkey Sevgi Adak casts light onto the historical context within which the meanings of veiling and unveiling in Turkey were formed By shifting the focus from the high politics of the elite to the implementation of state policies the book situates the anti veiling campaigns as a space where the Kemalist reforms were negotiated compromised and resisted by societal actors Using previously unpublished archival material Adak reveals the intricacies of the Kemalist modernisation process and provides a nuanced reading of the gender order established in the early republic by looking at the various ways women responded to the anti veiling campaigns A major contribution to the literature on the social history of modern Turkey the book provides a complex analysis of these campaigns which goes beyond a simple binary between liberation and oppression **Governance in the Middle East and North Africa** Abbas Kadhim,2013-02-15 Governance in the Middle East is topic of interest to scholars activists and policy makers The currently proposed book is intended to present the first comprehensive framework of the question of governance in the Middle East in its various forms and manifestations political economic and government performance **Living according to Nature.
