Vengeful Tendencies:

Schadenfreude Wilco W. van Dijk, Jaap W. Ouwerkerk, 2014-07-24 When someone suffers a mishap a setback or a downfall we sometimes find ourselves experiencing schadenfreude an emotion defined as deriving pleasure from another's misfortune Schadenfreude is a common experience and an emotion which is seemingly inherent to social being This book offers a comprehensive summary of current theoretical and empirical work on schadenfreude from psychological philosophical and other scientific perspectives The chapters explore justice as an underlying motive for schadenfreude and the role played by social comparison processes and envy in evoking pleasure at the misfortunes of others in interpersonal relations Schadenfreude is also described as a common phenomenon in intergroup relations This is a compelling volume on a fascinating subject matter that aims to increase our understanding of the nature of this emotion and the role it plays in social relations

The Social Psychology of Collective Victimization Johanna Ray Vollhardt, 2020-04-23 Throughout the world many continue to experience collective violence and its long lasting consequences This book examines the social psychological processes involved in experiences of collective victimization and oppression as well as the consequences of these experiences for individuals and for relations within and between groups In twenty chapters authors explore questions such as How are experiences of collective victimization passed down and understood How do people cope with and make sense of these experiences Who is included and excluded from the category of victims and what are the psychological consequences of such denial versus acknowledgment of collective victimization And finally what are the ethics of researching collective victimization especially when these experiences are recent or politically contested The authors examine these questions and others across a range of different contexts of collective violence in different parts of the world including ethnic and religious conflicts the aftermath of genocides post Apartheid consequences of settler colonialism racism the caste system and national histories of victimization

Better Living through TV Steven A. Benko, 2022-03-25 Watching television need not be a passive activity or simply for entertainment purposes Television can be the site of important identity work and moral reflection Audiences can learn about themselves what matters to them and how to relate to others by thinking about the implicit and explicit moral messages in the shows they watch Better Living through TV Contemporary TV and Moral Identity Formation analyzes the possibility of identifying and adopting moral values from television shows that aired during the latest Golden Era of television and Peak TV The diversity of shows and approaches to moral becoming demonstrate how television during these eras took advantage of new technologies to become more film like in both production quality and content The increased depth of characterization and explosion of content across streaming and broadcast channels gave viewers a diversity of worlds and moral values to explore The possibility of finding a moral in the stories told on popular shows such as The Sopranos Breaking Bad The Wire and The Good Place as well as lesser known shows such as Letterkenny and The Unicorn are explored in a way

that centers television viewing as a site for moral identity formation *Punitive War* Clay Mountcastle, 2009 This book examines the guerilla experience and then traces its progression from the Western Theater in 1861 to its apogee in the East in the last two years of the war Pg 5 The Culture of Vengeance and the Fate of American Justice Terry K.

Aladjem, 2008-01-14 America is driven by vengeance in Terry Aladjem's provocative account a reactive public anger that is a threat to democratic justice itself From the return of the death penalty to the wars on terror and in Iraq Americans demand retribution and moral certainty they assert the rights of victims and make pronouncements against evil Yet for Aladjem this dangerously authoritarian turn has its origins in the tradition of liberal justice itself in theories of punishment that justify inflicting pain and in the punitive practices that result Exploring vengeance as the defining problem of our time Aladjem returns to the theories of Locke Hegel and Mill He engages the ancient Greeks Nietzsche Paine and Foucault to challenge liberal assumptions about punishment He interrogates American law capital punishment and images of justice in the media He envisions a democratic justice that is better able to contain its vengeance *Social Actions* Florian Znaniecki, 1967
