Thompson,1983 This book will help police officers and other contact professionals develop verbal strategies that can transform potentially explosive encounters into positive resolutions It addresses the most difficult problems of the street encounter where quick thinking and spontaneous verbal response often make the difference between life and death The author explores all kinds of confrontation rhetoric and offers both a theoretical and practical account of how to handle street situations Following an introduction to the problems of street communication the author focuses on five basic rhetorical elements perspective audience voice purpose and organization The principles and techniques described can be used in practically every verbal encounter Each chapter includes case studies that give readers practice in developing rhetorical strategies for handling street encounters and dealing with the public The final chapter provides a professional model for police officers It presents a definition of the law enforcement profession that will command respect from the public and offer those in the profession a firm sense of identity

Racial Reconciliation and the Healing of a Nation Charles J. Ogletree, Jr.,Austin Sarat,2017-10-24 The work at hand for bridging the racial divide in the United States From Baltimore and Ferguson to Flint and Charleston the dream of a post racial era in America has run up against the continuing reality of racial antagonism Current debates about affirmative action multiculturalism and racial hate speech reveal persistent uncertainty and ambivalence about the place and meaning of race and especially the black white divide in American culture They also suggest that the work of racial reconciliation remains incomplete Racial Reconciliation and the Healing of a Nation seeks to assess where we are in that work examining sources of continuing racial antagonism among blacks and whites It also highlights strategies that promise to promote racial reconciliation in the future Rather than revisit arguments about the importance of integration assimilation and reparations the contributors explore previously unconsidered perspectives on reconciliation between blacks and whites Chapters connect identity politics the rhetoric of race and difference the work of institutions and actors in those institutions and structural inequities in the lives of blacks and whites to our thinking about tolerance and respect Going beyond an assessment of the capacity of law to facilitate racial reconciliation Racial Reconciliation and the Healing of a Nation challenges readers to examine social political cultural and psychological issues that fuel racial antagonism as well as the factors that might facilitate racial reconciliation **Verbal Judo** New York (N.Y.).
