**More Words about Pictures** Perry Nodelman, Naomi Hamer, Mavis Reimer, 2017-05-08 This volume represents the current state of research on picture books and other adjacent hybrid forms of visual verbal texts such as comics graphic novels and book apps with a particular focus on texts produced for and about young people When Perry Nodelman's Words about Pictures the Narrative Art of Children's Picture Books was published almost three decades ago it was greeted as an important contribution to studies in children's picture books and illustration internationally and based substantially on it Nodelman has recently been named the 2015 recipient of the International Grimm Award for children's literature criticism In the years since Words About Pictures appeared scholars have built on Nodelman's groundbreaking text and have developed a range of other approaches both to picture books and to newer forms of visual verbal texts that have entered the marketplace and become popular with young people The essays in this book offer more words about established and emerging forms of picture books providing an overview of the current state of studies in visual verbal texts and gathering in one place the work being produced at various locations and across disciplines Essays exploring areas such as semiological and structural aspects of conventional picture books graphic narratives and new media forms and the material and performative cultures of picture books represent current work not only from literary studies but also media studies art history ecology Middle Eastern Studies library and information studies and educational research In addition to work by international scholars including William Moebius Erica Hateley Nathalie op de Beeck and Nina Christensen that carries on and challenges the conclusions of Words about Pictures the collection also includes a wide ranging reflection by Perry Nodelman on continuities and changes in the current interdisciplinary field of study of visual verbal texts for young readers Providing a look back over the history of picture books

and the development of picture book scholarship *More Words About Pictures* also offers an overview of our current understanding of these intriguing texts **Early Modern Visual Culture** Peter Erickson, Clark Hulse, 2000-09-12 A collection of 10 original essays that explore the social context in which paintings statues textiles maps and other artifacts were produced and consumed in Renaissance England **Early Medieval Text and Image Volume 1** Jennifer O'Reilly, 2019-06-17 When she died in 2016 Dr Jennifer O Reilly left behind a body of published and unpublished work in three areas of medieval studies the iconography of the Gospel Books produced in early medieval Ireland and Anglo Saxon England the writings of Bede and his older Irish contemporary Adomn n of Iona and the early lives of Thomas Becket In these three areas she explored the connections between historical texts artistic images and biblical exegesis This volume brings together nine studies of the Insular Gospel Books One of them on the iconography of the St Gall Gospels Essay 9 was left completed but unpublished on the author s death It appears here for the first time The remaining studies published between 1987 and 2013 examine certain themes and motifs that inform the Gospel Books their implicit Christology their harmonisation of the four Gospel accounts the depiction of Christ crucified and the portrayal of St John the Evangelist Two of the Books the Durham Gospels and the Gospels of Mael Brigte receive particular attention CS1079 **Meyer Schapiro's Critical Debates** C. Oliver O'Donnell, 2019-10-14 Described in the New York Times as the greatest art historian America ever produced Meyer Schapiro was both a close friend to many of the famous artists of his generation and a scholar who engaged in public debate with some of the major intellectuals of his time This volume synthesizes his prolific career for the first time demonstrating how Schapiro worked from the nexus of artistic and intellectual practice to confront some of the twentieth century s most abiding questions Schapiro was renowned for pioneering interdisciplinary approaches to interpreting visual art His lengthy formal analyses in the 1920s Marxist interpretations in the 1930s psychoanalytic critiques in the 1950s and 1960s and semiotic explorations in the 1970s all helped open new avenues for inquiry Based on archival research C Oliver O Donnell s study is structured chronologically around eight defining debates in which Schapiro participated including his dispute with Isaiah Berlin over the life and writing of Bernard Berenson Schapiro s critique of Martin Heidegger s ekphrastic commentary on Van Gogh and his confrontation with Claude L vi Strauss over the applicability of mathematics to the interpretation of visual art O Donnell s thoughtful analysis of these intellectual exchanges not only traces Schapiro s philosophical evolution but also relates them to the development of art history as a discipline to central tensions of artistic modernism and to modern intellectual history as a whole Comprehensive and thought provoking this study of Schapiro s career pieces together the separate strands of his work into one cohesive picture In doing so it reveals Schapiro s substantial impact on the field of art history and on twentieth century modernism **Urban Tomographies** Martin H. Krieger, 2011-03-08 Tomography is a method of exploring a phenomenon through a large number of examples or perspectives In medical tomography such as a CAT scan two dimensional slices or images of a three dimensional organ are used to

envision the organ itself Urban tomography applies the same approach to the study of city life To appreciate different aspects of a community from infrastructure to work to worship urban planning expert Martin H Krieger scans the myriad sights and sounds of contemporary Los Angeles He examines these slices of life in Urban Tomographies The book begins by introducing tomographic methods and the principles behind them which are taken from phenomenological philosophy It draws from the examples of Lee Friedlander and Walker Evans as well as Denis Diderot Charles Marville and Eugène Atget who documented the many facets of Paris life in three crucial periods Rather than focus on singular extraordinary figures and events as do most documentarians Krieger looks instead at the typical presenting multiple specific images that call attention to people and activities usually rendered invisible by commonality He took tens of thousands of photographs of industrial sites markets electrical distributing stations and storefront churches throughout Los Angeles He also recorded the city's ambient sounds from the calls of a tamale vendor to the buzz of a workshop saw Krieger considers these samples from the urban sensorium in this innovative volume resulting in a thoughtful illumination of the interplay of people with and within the built environment With numerous maps and photographs as well as Krieger's unique insights Urban Tomographies provides an unusually representative and rounded view of the city

**Art and Communication in the Reign of Henry VIII** Tatiana C. String, 2017-07-05 Exploring the intersection between art and political ideology this innovative study of art in Henrician England sheds new light on the ways in which Henry VIII and his advisers exploited visual images in order to communicate ideas to his subjects The works analyzed include water triumphs coronation pageants and funeral processions printed title pages of vernacular Bibles coins portrait miniatures and murals as well as panel paintings With her analysis of these categories of objects and using communication theory as a starting point String presents a new model of communication based on the concepts of magnificence topicality persuasiveness and propaganda Through this model she shows how medium location display and viewership were all considered in the transmission of royal messages Using the art of Henry VIII's reign as a case study String enriches our understanding of the fundamental contribution of imagery to communication and also provides a model for the study of the dissemination of ideas and the patron artist relationship in other royal courts and historical periods
