## Ten Men Dead:

**Ten Men Dead** David Beresford, 1997 In 1981 ten men starved themselves to death inside the walls of Long Kesh prison in Belfast While a stunned world watched and distraught family members kept bedside vigils one soldier after another slowly went to his death in an attempt to make Margaret Thatcher s government recognize them as political prisoners rather than common criminals Drawing extensively on secret IRA documents and letters from the prisoners smuggled out at the time David Beresford tells the gripping story of these strikers and their devotion to the cause An intensely human story Ten Men Dead offers a searing portrait of strife torn Ireland of the IRA and the passions on both sides that Republicanism arouses

*Out of the Ashes* Robert White, 2017-04-25 Out of the Ashes is the definitive history of the Provisional Irish Republican movement from its formation at the outset of the modern Troubles up to and after its official disarmament in 2005 Robert White a prolific observer of IRA and Sinn F in activities has amassed an incomparable body of interview material from leading members over a thirty year period In this defining study the interviewees provide extraordinary insights into the complex motivations that provoked their support for armed struggle their eventual reform and the mind set of today s dissidents who refuse to lay down their arms Those interviewed stem from every stage of the Provisionals history from founding figures such as Se n Mac Stiof in Ruair Br daigh and Joe Cahill to the new generation that replaced them Martin McGuinness Danny Morrison and Brendan Hughes among others Out of the Ashes is a pioneering history that breaks new ground in defining how the Provisionals operated caused worldwide condemnation and were transformed by constitutional politics

**We Don't Know Ourselves** Fintan O'Toole, 2022-03-15 NEW YORK TIMES BESTSELLER NEW YORK TIMES 10 BEST BOOKS OF THE YEAR NATIONAL BESTSELLER The Atlantic 10 Best Books of 2022 Best Books of the Year Washington Post New Yorker Salon Foreign Affairs New Statesman Chicago Public Library Vroman s L ike reading a great tragicomic Irish novel James Wood The New Yorker Masterful astonishing Cullen Murphy The Atlantic A landmark history Leavened by the brilliance of O Toole s insights and wit Claire Messud Harper s Winner 2021 An Post Irish Book Award Nonfiction Book of the Year from the judges The most remarkable Irish nonfiction book I ve read in the last 10 years A book for the ages A celebrated Irish writer s magisterial brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world Fintan O Toole was born in the year the revolution began It was 1958 and the Irish government in despair because all the young people were leaving opened the country to foreign investment and popular culture So began a decades long ongoing experiment with Irish national identity In We Don t Know Ourselves O Toole one of the Anglophone world s most consummate stylists weaves his own experiences into Irish social cultural and economic change showing how Ireland in just one lifetime has gone from a reactionary backwater to an almost totally open society perhaps the most astonishing national transformation in modern history Born to a working class family in the Dublin suburbs O Toole served as an altar boy and attended a Christian Brothers school much as his forebears did He was enthralled by American

Westerns suddenly appearing on Irish television which were not that far from his own experience given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets Yet the Westerns were a sign of what was to come O Toole narrates the once unthinkable collapse of the all powerful Catholic Church brought down by scandal and by the activism of ordinary Irish women in particular He relates the horrific violence of the Troubles in Northern Ireland which led most Irish to reject violent nationalism In O Toole's telling America became a lodestar from John F Kennedy's 1963 visit when the soon to be martyred American president was welcomed as a native son to the emergence of the Irish technology sector in the late 1990s driven by American corporations which set Ireland on the path toward particular disaster during the 2008 financial crisis A remarkably compassionate yet exacting observer O Toole in coruscating prose captures the peculiar Irish habit of deliberate unknowing which allowed myths of national greatness to persist even as the foundations were crumbling Forty years in the making *We Don't Know Ourselves* is a landmark work a memoir and a national history that ultimately reveals how the two modes are entwined for all of us

*The Routledge Handbook of Rhetoric and Power* Nathan Crick, 2024-10-04 This handbook represents the first comprehensive disciplinary investigation into the relationship between rhetoric and power as it is expressed in different aspects of society Providing conceptual and empirical foundations for the study of the relationship between different forms of rhetorical expression and diverse structures practices habits and networks of power The Routledge Handbook of Rhetoric and Power is divided into six parts Theoretical Foundations Propaganda Politics and the State Resistance and Social Movements Culture Society and Identity Discourses of Technique and Organization Prospects for the Future The guiding principle of this handbook is that power represents a capacity for coordinated action grounded in specific historical technological political and economic conditions It suggests that rhetoric is an art that adapts to these conditions and finds ways to transform create or undermine these capacities in other people through self conscious persuasion Featuring contributions from key scholars this accessibly written handbook will be an indispensable resource for researchers and students in the fields of rhetoric writing studies communication studies political communication and social justice
