**Japanese War Crimes and Related Topics: A Guide to Records at the National Archives** United States. National Archives and Records Administration, 2007 This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Eisenhower archives Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

Smith, 2000-04-18 Fitzmaurice and the World Crisis examines the impact of the legal advice of G G Fitzmaurice on the making of British Foreign Policy during the key phases of the developing World Crisis from 1932 to 1945 in relations with

Japan and Germany Particular attention is given to whether relations with Germany were defined in terms of classical power politics or in a new language of the rule of law in international society The main themes highlight Fitzmaurice's contribution to the shaping of major issues and illustrate the breadth of scope in the work of the legal adviser the Manchurian Crisis Anglo German relations in the 1930s the concluding of the Anglo Polish Treaty of 1939 economic warfare and the laws of war at sea 1939-43 debate surrounding the nature of Germany's surrender and the drafting of armistice terms The book breaks new ground with respect to the basic technical crafts of the international lawyer It shows how the skills of the diplomatic historian working with unpublished Foreign Office archives are essential to unravelling the true legal practice of a state as an element in the evolution of customary international law The aim is not simply to unearth and present in a minimally edited form the legal opinions of Fitzmaurice but also to assess his impact within the Foreign Office It concludes that the role of the individual international lawyer in government institutions is potentially very significant However his influence depends not simply on the stubbornness with which he holds onto his professional expertise but also on his moral vision and sensitivity towards the complexities of the context in which he has the potential to shape events
