The Fork River Space Project:

The Fork River Space Project Wright Morris, 1981 *The Great Lakes Review*, 1981 **Wright Morris Territory** Wright Morris, 2021-01-05 Best known for his novels including the National Book Award winners *The Field of Vision* and *Plains Song* Nebraska born author Wright Morris has long been regarded as one of America's most gifted writers. This volume culling work from the photo-text books, criticism, and numerous short stories frequently overlooked among his oeuvre reflects the true breadth of this quintessentially American artist's talents. As such, it offers a fascinating overview of Morris's inspiring accomplishments in multiple genres. While embracing the prose for which Morris is justly famous, this treasury of work also highlights his photography and other literary genres, including hard-to-find stories first published in magazines, some of which were early drafts of future novels. Edited by Morris's long-time friend David Madden, this one-of-a-kind collection captures a man of multifarious genius. Replete with interviews, photography, a biographical sketch, suggestions for further reading, and Morris's inimitable writing, this compendium is an indispensable resource for those who wish to understand and appreciate the brilliance and virtuosity of one of America's true talents. **Masterplots II.** Frank Northen Magill, 1986. Includes more than 360 interpretative essays on works of twentieth-century fiction published in the United States and Latin America.

The Nature of the Place Diane Dufva Quantic, 1995-06-01. The Great Plains has long been fertile ground for literature. *The Nature of the Place* is a comprehensive study of novels and stories by such Plains writers as Willa Cather, Wright Morris, Mari Sandoz, Laura Ingalls Wilder, Frederick Manfred, Wallace Stegner, and Bess Streeter Aldrich. Throughout, Diane Dufva Quantic is aware of the region's collective social and cultural history, aware of the immensely fruitful clash between that complex history and Plains myth, such as *Garden of the World* and *Great American Desert*. In the vast and changeable Great Plains, as Wright Morris once remarked, "Many things would come to pass, but the nature of the place would remain a matter of opinion." **A Literary History of the American West** Western Literature Association (U.S.), 1987. Literary histories of course do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance. **Haunted: The Strange And Profound Art Of Wright Morris** Jackson J. Benson, 2013. He skipped his senior year at college to go to Europe, where he was befriended by a Countess, was kept a prisoner in a castle by a mad Count, and almost met Mussolini close enough to land him in an Italian jail. Wright Morris returned to the States and went on to become probably the most experimental American novelist of the last century. He ended up with almost every award and prize that a novelist can earn, and his work was praised over and over again by many of our most prestigious critics. In addition to publishing thirty-four books, he was also an eminent photographer. He not only had his work shown in numerous museums and galleries around the

country but his photographs were also displayed throughout five photo text books a form that he pioneered back cover
