## **The Front Is Everywhere:**

*Behind the Front Lines of the Civil War* Vladimir N. Brovkin, 2015-03-08 Countering the powerful myth that the civil war in Russia was largely between the Whites and the Reds Vladimir Brovkin views the struggle as a multifaceted social and political process Brovkin focuses not so much on armies and governments as on the interaction of state institutions political parties and social movements on both Red and White territories In the process he exposes the weaknesses of the various warring factions in a Russia plagued by strikes mutinies desertion and rebellions The Whites benefited from popular resistance to the Reds and the Reds from resistance to the Whites In Brovkin's view neither regime enjoyed popular support Pacification campaigns mass shooting deportations artillery shelling of villages and terror were the essence of the conflict and when the Whites were defeated the war against the Greens the peasant rebels went on Drawing on a remarkable array of previously untapped sources Brovkin convicts the early Bolsheviks of crimes similar to those later committed by Stalin What emerges behind the front lines is a picture of how diverse forces Cossacks Ukrainians Greens Mensheviks and SRs as well as Whites and Bolsheviks created the tragic victory of a party that had no majority support This book has important contemporary implications as the world again asks an old question Can Russian statehood prevail over local regional and national identities Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

### **The Battle of Moscow**

**1941-1942** Soviet General Staff, 2015-06-19 The Battle of Moscow 1941-1942 The Red Army's Defensive Operations and Counteroffensive Along the Moscow Strategic Direction is a detailed examination of one of the major turning points of World War II as seen from the Soviet side The Battle of Moscow marked the climax of Hitler's Operation Barbarossa which sought to destroy the Soviet Union in a single campaign and ensure German hegemony in Europe The failure to do so condemned Germany to a prolonged war it could not win This work originally appeared in 1943 under the title *Razгром Nemetskikh Voisk pod Moskvoi* The Rout of the German Forces Around Moscow The work was produced by the Red Army General Staff's military historical section which was charged with collecting and analyzing the war's experience and disseminating it to the army's higher echelons This was a collective effort featuring many different contributors with Marshal Boris Mikhailovich Shaposhnikov former chief of the Red Army General Staff and then head of the General Staff Academy serving as general editor The book is divided into three parts each dealing with a specific phase of the battle The first traces the Western Front's defensive operations along the Moscow direction during Army Group Center's final push toward the capital in November-December 1941 The study pays particular attention to the Red Army's resistance to the Germans' attempts to outflank

Moscow from the north Equally important were the defensive operations to the south of Moscow where the Germans sought to push forward their other encircling flank The second part deals with the first phase of the Red Army's counteroffensive which was aimed at pushing back the German pincers and removing the immediate threat to Moscow Here the Soviets were able to throw the Germans back and flatten both salients particularly in the south where they were able to make deep inroads into the enemy front to the west and northwest The final section examines the further development of the counteroffensive until the end of January 1942 This section highlights the Soviet advance all along the front and their determined but unsuccessful attempts to cut off the Germans Rzhev Vyazma salient It is from this point that the front essentially stabilized after which events shifted to the south This new translation into English makes available to a wider readership this valuable study I Will Bear Witness, Volume 2 Victor Klemperer, 2016-02-17 Destined to take its place alongside The Diary of Anne Frank and Elie Wiesel's Night as one of the great classics of the Holocaust I Will Bear Witness is a timeless work of literature the most eloquent and acute testament to have emerged from Hitler's Germany Volume Two begins in 1942 the year the Final Solution was formally proposed and carries us through to the Allied bombing of Dresden and Germany's defeat *Proceedings of the Royal Society of London* Royal Society (Great Britain), 1888 **Stalin's Master Narrative** David Brandenberger, Mikhail Vladimirovich Zelenov, 2019-01-01 A critical edition of the text that defined communist party ideology in Stalin's Soviet Union The Short Course on the History of the Communist Party of the Soviet Union Bolsheviks defined Stalinist ideology both at home and abroad It was quite literally the the master narrative of the USSR a hegemonic statement on history politics and Marxism Leninism that scripted Soviet society for a generation This study exposes the enormous role that Stalin played in the development of this all important text as well as the unparalleled influence that he wielded over the Soviet historical imagination **School and Home Education**, 1908 **Out of Door Studies in Geography...** Francis Marion Fultz, 1908 *The Saturday Evening Post*, 1918 **New Inland Poultry Journal**, 1912 A Speech Delivered by Ghazi Mustapha Kemal Turkey.
