## **The Last Coming:**

Are We Living in the Last Days? Chauncey S Killens,2023-07-30 About the Book The purpose of this book Are We Living in the Last Day is to provide serious Bible students and Christians with the opportunity to critically evaluate the book of Revelation from another possible perspective This author believes and approaches the book of Revelation from a more favorable Partial Preterist approach He attempts to demonstrate how the current prevailing end times narrative the Dispensationalism approach teaching that the church will be raptured into heaven prior to the future seven year great tribulation is a gross misunderstanding of this apocalyptic literature written by the apostle John You will be able to evaluate expert accounts I provide as it relates to historic natural disasters along with my overall critique of Dispensationalism s interpretation of Revelation and decide whether or not the book of Revelation is to be taken literal You can determine what the strengths and weaknesses are in this writing and draw your own conclusions About the Author Chauncey Slim Killens has been a street preacher for over forty years and has traveled to major cities around the country standing on street corners on university campuses and in the National Mall of Washington DC defending truth He enjoys engaging people from various religious socio economic backgrounds especially those who disagree with him using sound reason and logic as a persuasive tool By engaging in dialogue with local residents students and vacationers around the country his main goal is to challenge certain claims defending objective truth and moral absolutes against the backdrop of new social constructs in America religious and political that are redefining and undermining our faith family and freedom This nation s constitutional Republic which has been hard fought for is at warp speed being eroded away As a Christian and American patriot I have a moral obligation to defend stand for and maintain those God given rights

**The Second Coming and the Last Days** Glen W Park,2020-04-17 The most anticipated event since the birth of the Lord Jesus Christ has been and remains His Second Coming in power and great glory When that would happen was a question asked by His disciples who became His original Apostles It was written and prophesied of by many of the ancient Prophets of the Old Testament who lived and wrote before the birth of Jesus Christ The fact is many Prophets and Apostles have been told or have seen in vision much about the Second Coming Of course they have also been told seen and written or the Last Days the times seasons events and conditions of the world and of the United States of America preceding His Second Coming This book quotes highlights and describes many prophecies given by both ancient and modern day Prophets and Apostles Difficult and wonderful times are coming This book will both instruct and illuminate concerning the incredible events that are already unfolding as the time for Christ s Second Coming grows nearer

Signposts of the Last Days Bill Goodwin,2012-06 SIGNPOSTS of The Last Days is not an attempt to sensationalize predicted events from prophecy implying they will happen in a particular manner Remember that when Jesus came the first time all but two people were looking for a different kind of Messiah than the One they got Instead you will find the Biblical basis for twelve predicted events of the Last Days This book is written to review some of the available passages

concerning these events that will lead to the end of the Last Days and how they relate to each other They are arranged in the order they are expected to happen It also is designed to relate coming events to the past times in which God has presented Himself to the world using different people This is your opportunity to separate the modern day scenarios seemingly written for Hollywood from what we might realistically expect should we be alive to see it all unfold Please read them all with the understanding that there may be fewer than two individuals who get close to the actual truth this time around The Works of President Edwards. Edited by E. Williams and E. Parsons. With Memoirs of His Life by S. Hopkins Jonathan Edwards,1817

The Works of President Edwards ... Jonathan Edwards,1852 The Final Countdown Clay McConkie,2007 After six millennia of human history seven events are about to lead the way to the Second Coming of Christ These dramatic occurrences will seem supernatural and even unbelievable as each emerges upon the stage of history in the final act of a drama that began six thousand years ago In culmination of these events Christ will return to the earth and the Millennium will begin For centuries the prophets have predicted the events preceding the Second Coming Now as time grows short it is ever more important to be wary and watchful for the signs of the times the events of the final countdown may seem unbelievable but everything that has been predicted by the prophets will soon take place In the Final Countdown join celebrated scholar Clay McConkie in this dramatic chronicle of the final days of our world Reviews Few events are as discussed and speculated about as much as the Second Coming It has long been prophesied by prophets the world over and many religions have some sort of similar belief that the world will come to an end and how it will take place In the Final Countdown the Seven Final Events Before the Second Coming author Clay McConkie looks at it from an LDS perspective using the Book of Revelations the Doctrine and Covenants and also modern revelation particularly through the Prophet Joseph Smith to delineate the last events that will lead up to the return of Jesus Christ We begin with a chapter entitled the Question of the Sixth Seal in which the author attempts to define just where the sixth seal ends and the seventh begins As we look at the prophecies that fall under those two headings and when the events mentioned therein are supposed to take place we notice an overlap between them the line seems a little bit fuzzy As we go through the book this fuzzy line is mentioned here and there but I think that it is not so important to know what seal each event belongs to as to be paying attention to events as they happen and to be aware of them Other chapters are a Time of Silence the Quiet Before the Storm and one that held particular interest for me the Valley of Adam ondi Ahman This valley is located in Missouri and I had the opportunity to visit there as a teenager It is a beautiful place rich with spiritual feeling and historical importance the chapter speaks of the gathering that has been foretold to take place there and what that gathering will mean We also read about the law of restoration the signs in the heavens the gathering of the Ten Tribes and the curtain of Heaven In many of these instances the author had to use conjecture because so few of the details of these events are actually known to us But he lays out the information that we do have and acquaints us with the things that are expected to take place This book is fairly short only

ninety eight pages so it doesn't go into a lot of depth and detail but if you're looking for an overview of the final events to get them straight in your mind it would be a good resource
