The Potsdam Protocol:

President Truman And (The Challenge Of) The Potsdam Conference 1945 Col. Uwe F. Jansohn, 2015-11-06 This monograph examines how U S President Harry S Truman was prepared for the Potsdam Conference from 17 July to 2 August 1945 which is seen as a crucial turning point in modern history Reviewing his preparations and assessing his actions during the actual conference allows one to examine whether Truman had a strategy for the Potsdam Conference in 1945 with achievable objectives This monograph argues that Truman did have a strategy for the Potsdam Conference which was coordinated with Roosevelt s former advisors the Department of State and the Joint Chiefs of Staff Nevertheless this strategy diverged from Roosevelt s original intent Truman s goals were not achieved in their entirety as the new President found himself confronted by the challenges of international policy and had to adapt his strategy during the conference for various reasons The method used in this monograph to analyze the U S strategy towards the Potsdam Conference is drawn from the contemporary U S design methodology outlined in Joint Publication 5 0 Joint Operation Planning There does not exist one comprehensive document which provided Truman a strategic approach for the conference in understanding the ends ways and means that was clearly defined The monograph shows that the preparing papers were more a conglomeration of documents containing a mix of background information objectives and ideas Using the design methodology the monograph will emulate a strategy as it could have been formulated by Truman advisors in 1945 Having this strategy the monograph evaluates the events of the Potsdam conference day by day and assesses the reasons why there was a requirement for an adjustment in Truman s strategy during the conference and why he changed his course of action The monograph also provides an assessment of whether Truman had an opportunity to avoid the start of the Cold War in Potsdam The Conference of Berlin (the Potsdam Conference), 1945 United States. Department of State. Historical Office, 1960

Potsdam Conference 1945 Jürgen Luh, 2020-05 The Potsdam Conference marked and still today marks the end of the Second World War and the beginning of the Cold War The discussions and negotiations held at Cecilienhof Palace from 17 July to 2 August 1945 staked out zones and spheres of influence and had a political impact on the post war period that reached far beyond Europe The volume shows how the Big Three Churchill Truman and Stalin reached their resolutions And it highlights what effects these resolutions had not only on the defeated Germans but also on the Chinese Japanese and Koreans who were still at war on the displaced persons and Holocaust survivors who had no voice in Potsdam on the Persians whose fate was decided without consulting their interests or wishes and on the French who were among the victorious powers but had not been invited to the conference The Potsdam Agreement subsequently signed by the three heads of state thus laid the foundations for the reorganisation of the world **The Conference of Berlin** United States.
