Timorous Women:

Rebel Women Evelyn Sharp, 1910 Story of a British suffragette *Timorous Women* Alicia Borinsky, 1992 Women's Writing and the Circulation of Ideas George Justice, Nathan Tinker, 2002-03-07 It was widely believed that women in Renaissance and early modern England either did not write or did not publish their work It has become clear that instead of using the emerging technology of print many women writers circulated their works by hand with friends copying and recopying poems plays and novels from each other or with the help of professional scribes Through manuscript publication women s writing reached wide audiences and was collected and admired by both men and women Women s Writing and the Circulation of Ideas contributes to the discovery and re evaluation of women writers by examining the writing and manuscript publication of key authors from 1550 to 1800 The collection s analysis of the range and meaning of women s writing and manuscript publication during the rise of the print industry alters our understanding of the history of the book and early modern British literature alike Woman not inferior to man ... Third World Women's Literatures Barbara Fister, 1995-09-14 This reference volume serves as a companion to Third World women s literatures in English and in English translation by presenting entries on works writers and themes Entries are chosen to present a balance of well known writers and emerging ones contemporary as well as historical writers and representative selections of genres literary styles and themes What plays have been written by women in the developing world What books have been written by Sri Lankan or Brazilian women Which works address themes of feminism or exile or politics in the Third World These are the types of questions that can now be answered through Fister s companion to Third World women s literatures in English and English translation Organized alphabetically this reference volume presents entries on works writers and themes Entries are chosen to present a balance of well known writers and emerging ones contemporary as well as historical writers and representative selections of genres literary styles and themes By providing information about and leads to works by and about Third World women an important and largely marginalized literature Fister has created a unique reference tool that will help teachers scholars and librarians both public and academic expand their definitions of the literary making the voices of Third World women available in the same format in which many companions to Western literature do An important book for all public and college level libraries

Women's Rights and Religious Practice A. Boden, 2007-11-28 The author looks at conflicts between human rights for women and religious integrity through family religious ideology and questions of relativism privacy and agency The study shows that theological resistance and political and social inhibitors can ironically make the human rights concept inappropriate for gaining rights for religious women
