Vehement Passions

George Grote

Vehement Passions:

The Vehement Passions Philip Fisher, 2009-01-10 Breaking off the ordinary flow of experience the passions create a state of exception In their suddenness and intensity they map a personal world fix and qualify our attention and impel our actions Outraged anger drives us to write laws that will later be enforced by impersonal justice Intense grief at the death of someone in our life discloses the contours of that life to us Wonder spurs scientific inquiry The strong current of Western thought that idealizes a dispassionate world has ostracized the passions as quaint even dangerous Intense states have come to be seen as symptoms of pathology A fondness for irony along with our civic ideal of tolerance lead us to prefer the diluted emotional life of feelings and moods Demonstrating enormous intellectual originality and generosity Philip Fisher meditates on whether this victory is permanent and how it might diminish us From Aristotle to Hume to contemporary biology Fisher finds evidence that the passions have defined a core of human nature no less important than reason or desire Traversing the Iliad King Lear Moby Dick and other great works he discerns the properties of the high spirited states we call the passions Are vehement states compatible with a culture that values private selectively shared experiences How do passions differ from emotions Does anger have an opposite Do the passions give scale shape and significance to our experience of time Is a person incapable of anger more dangerous than someone who is irascible In reintroducing us to our own vehemence Fisher reminds us that it is only through our strongest passions that we feel the contours of injustice mortality loss and knowledge It is only through our personal worlds that we can know the world

Passions of the Christ F. Scott Spencer, 2021-05-04 Senior New Testament scholar F Scott Spencer focuses on a neglected area in the study of Jesus and the Gospels the emotional life of Jesus This book offers a fresh reading of the Gospels through the lens of Jesus s emotions anger grief disgust surprise compassion and joy These emotions motivate Jesus s mission and reveal to Gospel readers what matters most to him Amid his passions Jesus forges his character as God s incarnate Messiah wholly embodied and emotionally engaged with others and thoroughly embedded in the surrounding environment

B-Side Books John Plotz, 2021-06-01 There are the acknowledged classics of world literature the canonical works assigned in schools topping every must read list and then there are the B Sides These are the books that slipped through the cracks went unread missed their rightful appointment with posterity They were ahead of their times or behind their times or on a whole different schedule than the rest of the universe What do you do when a book that you love has been neglected or dismissed by everyone else In B Side Books leading writers critics and scholars show why their favorite forgotten books deserve a new audience From dusty westerns and far out science fiction to obscure Czech novelists and romance novel precursors the contributors advocate for the unsung virtues of overlooked books They write about unheralded novels poetry collections memoirs and more with understanding respect passion and love In these thoughtful often personal essays contributors including Stephanie Burt Caleb Crain Merve Emre Ursula K Le Guin Carlo Rotella and Namwali Serpell read books by writers such as Helen DeWitt Shirley Jackson Stanislaw Lem Dambudzo

Marechera Paule Marshall and Charles Portis Anger, Revolution, and Romanticism Andrew M. Stauffer, 2005-08-11 The Romantic age was one of anger and its consequences revolution and reaction terror and war Andrew M Stauffer explores the changing place of anger in the literature and culture of the period as English men and women rethought their relationship to the aggressive passions in the wake of the French Revolution Drawing on diverse fields and discourses such as aesthetics politics medicine and the law and tracing the classical legacy the Romantics inherited Stauffer charts the period s struggle to define the relationship of anger to justice and the creative self In their poetry and prose Romantic authors including Blake Coleridge Godwin Shelley and Byron negotiate the meanings of indignation and rage amidst a clamorous debate over the place of anger in art and in civil society This innovative book has much to contribute to the understanding of Romantic literature and the cultural history of the emotions *Leviathan* Thomas Hobbes, 1914 *Selections* Thomas Hobbes, 1930

Hobbes Bernard Gert, 2013-04-25 Thomas Hobbes was the first great English political philosopher His work excited intense controversy among his contemporaries and continues to do so in our own time In this masterly introduction to his work Bernard Gert provides the first account of Hobbes s political and moral philosophy that makes it clear why he is regarded as one of the best philosophers of all time in both of these fields In a succinct and engaging analysis the book illustrates that the commonly accepted view of Hobbes as holding psychological egoism is not only incompatible with his account of human nature but is also incompatible with the moral and political theories that he puts forward It also explains why Hobbes s contemporaries did not accept his explicit claim to be providing a natural law account of morality Gert shows that for Hobbes civil society is established by a free gift of their right of nature by the citizens it does not involve a mutual contract between citizens and sovereign As injustice involves breaking a contract the sovereign cannot be unjust however the sovereign can be guilty of ingratitude which is immoral This distinction between injustice and immorality is part of a sophisticated and nuanced political theory that is in stark contrast to the reading often incorrectly attributed to Hobbes that might makes right It illustrates how Hobbes s goal of avoiding civil war provides the key to understanding his moral and political philosophy Hobbes Prince of Peace is likely to become the classic introduction to the work of Thomas Hobbes and will be a valuable resource for scholars and students seeking to understand the importance and relevance of his work today

The prose works of William Wordsworth, ed. with preface, notes and illustr. by A.B. Grosart. [on extra-thick paper]. William Wordsworth, 1876 Plato, and the Other Companions of Sokrates George Grote, 1888 The prose works of William Wordsworth William Wordsworth, 1876 **“The” Prose Works** William Wordsworth, 1876 *Political and ethical* William Wordsworth, 1876 *My Little Lady* Eleanor Frances Poynter, 1873 The Morality of Modern Socialism John Joseph Ming, 1909 **Helpful Hints on Speaking** Grenville Kleiser, 1910 Disraeli's Works Isaac Disraeli, 1881 *The Literary Character* Isaac Disraeli, 1881 **Disraeli's Complete Works** Isaac Disraeli, 1881 The Literary Character Disraeli, 1880 The Literary Character, Or, the History of Men of Genius Disraeli, 1881

Vehement Passions Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Vehement Passions**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
