

# Vengeful Men

**Charlotte-Rose Millar**

## Vengeful Men:

**Cumulative Paperback Index, 1939-1959** R. Reginald, 2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive. The major index is by author and lists author title publisher book number year of publication and cover price. The title index lists titles and authors only. The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued. This is the place that all study of the American paperback must begin. Automobile Review, 1906

**Witchcraft, the Devil, and Emotions in Early Modern England** Charlotte-Rose Millar, 2017-07-14 This book represents the first systematic study of the role of the Devil in English witchcraft pamphlets for the entire period of state sanctioned witchcraft prosecutions 1563-1735. It provides a rereading of English witchcraft one which moves away from an older historiography which underplays the role of the Devil in English witchcraft and instead highlights the crucial role that the Devil often in the form of a familiar spirit took in English witchcraft belief. One of the key ways in which this book explores the role of the Devil is through emotions. Stories of witches were made up of a complex web of emotionally implicated accusers victims witnesses and supposed perpetrators. They reveal a range of emotional experiences that do not just stem from malefic witchcraft but also and primarily from a witch's links with the Devil. This book then has two main objectives. First to suggest that English witchcraft pamphlets challenge our understanding of English witchcraft as a predominantly non-diabolical crime and second to highlight how witchcraft narratives emphasized emotions as the primary motivation for witchcraft acts and accusations.
