Verification 1997 The Vertic Yearbook:

Verification 1997 Richard Guthrie, 2018-05-04 Frequently consulted for its knowledge of international and national agreements and for its technical expertise VERTIC is the first port of call for many TV and radio journalists The new 1997 volume is divided into two parts The first half of the book contains twelve original essays analyzing the arms control peacekeeping and environmental issues in 1996 The second half contains a greatly expanded collection of twenty one primary documents that scholars and policy practitioners will find indispensable from the Cairo Declaration to the Declaration of the Moscow Nuclear Safety Summit to the complete text of the Comprehensive Test Ban Treaty and the attendant declarations

The 2017 Nuclear Ban Treaty Joseph A. Camilleri, Michael Hamel-Green, Fumihiko Yoshida, 2020-05-21 Rising concern over the increasing threat of nuclear war impelled the 2017 United Nations UN negotiations and adoption by 122 UN member states of a Treaty on the Prohibition of Nuclear Weapons The Treaty seeks to ban nuclear weapons globally in the same way chemical and biological weapons have already been prohibited This book provides the first in depth comprehensive analysis of the implications and possibilities of the new treaty drawing on the insights of international relations international laws and disarmament experts and specialists from Europe America the Asia Pacific and the UN In a context where existing nuclear weapon states have so far declined to be party to the new treaty the book examines not only its emergence and significance but also the prospects and possibilities for its implementation the challenges associated with verifying the new agreement the role of both civil society and governments and the treaty's wider implications in addressing regional and global nuclear threats This book was originally published as a special issue of *Global Change Peace Security* but additionally includes the special section articles on the treaty in the *Journal for Peace and Nuclear Disarmament*

Parameters, 1998 Sub-Saharan Africa & U.S. National Interests Anthony D. Marley, 1998-06 Four articles include U S national interests in Sub Saharan Africa a military model for conflict resolution in Sub Saharan Africa phantom warriors disease as a threat to U S national security and military downsizing in the developing world process problems and possibilities Also includes a 24 page report U S Security Strategy for Sub Saharan Africa 1995

Designing Effective Environmental Regimes Jørgen Wettstad, 1999-01-01 This book focuses on the impact and design of international environmental regimes which are established to preserve natural resources and reduce environmental degradation The author addresses such regimes from both a conceptual and theoretical point of view as well as using comparative empirical evidence from issue areas such as marine pollution acid rain ozone layer depletion and global climate change This book will be welcomed by students and scholars interested in environmental political economy and institutions and by policy makers and practitioners involved in the negotiation process

Biological Warfare Raymond A. Zilinskas, 2000 Recent revelations about Iraqi and Soviet Russian biological weapons programs and highly publicized events such as the deployment of anthrax and botulinum by the Aum Shinrikyo sect in Japan have made clear the necessity for addressing the issues of biological

warfare and defense In a comprehensive analysis of this imminent threat to global security fourteen internationally recognized authorities consider the motivations of governments and terrorist groups seeking to acquire biological weapons managing the consequences of a biological attack techniques for weapons development methods for detection of pathogens and toxins defense against biological weapons and international efforts to counter their proliferation *The Evolution of Biological Disarmament* Nicholas Roger Alan Sims,2001 The evolution of the disarmament regime of the 1972 Biological and Toxin Weapons Convention BTWC is described from 1980 when the first BTWC Review Conference was held until 1998 The author analyses the results of our first four review Conferences the meetings of the Ad Hoc Group of Governmental Experts to Identify and Examine Potential Verification Measures from a Scientific and Technical Standpoint the 1994 Special Conference the current negotiations of the Ad Hoc Group to produce an additional protocol the BTWC which may include verification measures handling of the 1997 Cuban allegation of US biological warfare and the implementation of Article X of the BTWC on international transfers and cooperation for peaceful purposes The strength of the BTWC regime is assessed in the light of its evolution through the review process and its changing contents including Russia s admission that it had inherited an offensive biological weapon programme The book applies an original sector by sector approach to its analysis of the BTWC studied in a long term perspective Journal of the United Service Institution of India United Service Institution of India,1999 Making Treaties Work Geir Ulfstein,2007-04-12 There is an increasing focus on the need for national implementation of treaties International law has traditionally left enforcement to the individual parties but more and more treaties contain arrangements to induce States to comply with their commitments Experts in this 2007 book examine three forms of such mechanisms dispute settlement procedures in the form of international courts non compliance procedures of an administrative character and enforcement of obligation by coercive means Three fields are examined namely human rights international environmental law and arms control and disarmament These areas are in the forefront of the development of international law and deal with multilateral rather than purely bilateral issues Each part of the book on human rights international environmental law and arms control contain a general introduction and case studies of the relevant treaties in the field Will appeal widely to both generalists and specialists in international law and relations *Environment & Security* ,1998 **Disarmament** ,1997 **Law Books Published** ,1998 *Assessing the Threat of Weapons of Mass Destruction* John L. Finney,Ivo Šlaus,2010 This is a collection of papers delivered at the NATO Advanced Research Workshop of the same name which examined the role of independent scientists in assessing WMD threat Such threat assessment has a profound impact on the policies of governments and international organizations With papers covering topics ranging from policy making to chemical and biological weapons nuclear threats and breaking the threat or counter threat cycle this book illuminates an area of vital importance to the security and stability of relations between states and the maintenance of internationally agreed norms **Guide to Indian Periodical Literature** ,2000 **Books in Print Supplement** ,2002
