Workers Paradise Lost:

Workers' Paradise Lost, Fifty Years of Soviet Communism, 1967 *Workers' Paradise Lost, Fifty Years of Communism, a Balance Sheet* Eugene Lyons, 1967 *Workers' Paradise Lost. 50 Years of Soviet Communism: a Balance Sheet* Eugene Lyons, 1967 **Terror in Australia: Workers' Paradise Lost** John Stapleton, 2015-09-28 Terror in Australia Workers Paradise Lost by veteran journalist John Stapleton is a beautifully written snapshot of a pivotal turning point in the history of the so called Lucky Country This book is a sidwinding missile into the heart of Australian hypocrisy In 2015 there were well attended Reclaim Australia demonstrations in every major capital city all protesting what the demonstrators saw as the growing Islamisation of Australia along with countering anti racism demonstrations There were frequent violent clashes hundreds of police were forced to form lines separating the demonstrators in Sydney and Melbourne there were a significant number of arrests and injuries and dozens of people were treated for the effects of capsicum spray The terror alert was at its highest level ever the country was engaged in an unpopular and discredited war in Iraq and Syria and relations between the government and an increasingly radicalised Muslim minority had broken down Despite the billions being spent on national security authorities believed another terrorist attack was inevitable A demoralised population saddled with a history of grotesque overregulation turned inwards increasingly questioning the failed social creeds of the past On the streets once vibrant entertainment districts were desolate while closed and shuttered shops became a characteristic of many suburbs An optimistic freedom loving country with an irreverent larrikin culture and a wildly optimistic view of its place in the world lost faith in its own story Well documented switching through multiple points of view Terror in Australia Workers Paradise Lost is a sometimes frightening sometimes intensely lyrical step inside a democracy in serious trouble **Workers' Paradise Lost** Eugene Lyons, 1967 Evaluation of economic development and social change in the USSR during the 50 years of communist government covers historical aspects with particular reference to political problems resulting in the revolution of 1917 communist social theory and political theory cultural factors aspects of the 2nd world war national planning industrialization economic structures the standard of living peaceful coexistence and similar international relations etc **Hideout In the Apocalypse** John Stapleton, 2016-11-10 Hideout in the Apocalypse is about surveillance and the crushing of Australia s larrikin culture In the last three years the Australian government has prosecuted the greatest assault on freedom of speech in the nation s history The government knew from international research that when it introduced the panopticon universal surveillance into Australia it would have a devastating impact on the culture When people know they are being watched they behave differently Dissent is stifled conformity becomes the norm This is the so called chilling effect Hideout in the Apocalypse in the great tradition of The Lucky Country takes Australia s temperature half a century on from Donald Horne s classic cautionary tale Now the future has arrived Forced by a plethora of new laws targeting journalists to use novelistic techniques in his latest book veteran news reporter John Stapleton confirms the old adage truth is stranger than fiction

Hideout in the Apocalypse takes up the adventures of retired news reporter Old Alex first encountered in the book s predecessor *Terror in Australia Workers Paradise Lost* But as befits the times this book is more fantastical intimate and politically acerbic in its portrait of his beloved country Alex believes he has been under abusive levels of government surveillance since writing a book called *Terror in Australia* and as a natural empath can hear the thoughts of the surveillance teams on his track the so called Watchers on the Watch Alex also believes he is a cluster soul sent with others of his kind to help save the Earth from an impending apocalypse and has the capacity to channel some of history s greatest writers Australia might have the worst anti freedom of speech laws in the Western world but how can you sue a character like that Stapleton s essential theme a place which should have been safe from an impending apocalypse the quagmire of religious wars enveloping the Middle East is not safe at all Ideas are contagious and the Australian government is afraid of them Australia is a democracy in name only The war on terror has become a war on the people s right to know justifying a massive expansion of state power Alex s swirling head lifelong fascination with sociology literature and journalism and his deep distress over the fate of the Great Southern Land makes him the perfect character to tell a story which urgently needs to be told
