Working With Advanced Foreign Language Students:

Working with Advanced Foreign Language Students Boris Shekhtman, 2016-03-11 Working with Advanced Foreign Language Students describes students who reach very high levels of foreign language proficiency from the point of view of typical teacher student relations their classroom expectations and their language attributes and needs Written by a teacher with over 20 years of experience at this level of instruction the book is full of proven methodologies practical advice and sample classroom activities [Educating for Advanced Foreign Language Capacities](#) Heidi Byrnes, Heather D.

Weger, Katherine A. Sprang, 2006-10-06 Advanced language learning has only recently begun to capture the interest and attention of applied linguists and professionals in language education in the United States In this breakthrough volume experts in the field lay the groundwork for approaching the increasingly important role of advanced language learning in the larger context of multilingual societies globalization and security This volume presents both general and theoretical insights and language specific considerations in college classrooms spanning a range of languages from the commonly taught languages of English French and German to the less commonly taught Farsi Korean Norwegian and Russian Among theoretical frameworks likely to be conducive to imagining and fostering instructed advancedness in a second language this volume highlights a cognitive semantic approach The theoretical and data based findings make clear that advanced learners in particular are characterized by the capacity to make situated choices from across the entire language system from vocabulary and grammar to discourse features which suggests the need for a text oriented meaning driven approach to language teaching learning and research This volume also considers whether and how information structuring in second language composition reveals first language preferences of grammaticized concepts Other topics include curricular and instructional approaches to narrativity vocabulary expansion the demands on instructed programs for efficiency and effectiveness in order to assure advanced levels and learners ability to function in professional contexts with their diverse oral and written genre requirements Finally the volume probes the role and nature of assessment as a measurement tool for both researching and assessing advanced language learning and as an essential component of improving programs

Working with Advanced Foreign Language Students Boris Shekhtman, 2020-12 *Content-Based Curriculum for Advanced Learners* Joyce VanTassel-Baska, Catherine A. Little, 2023-01-23 The fourth edition of Content Based Curriculum for Advanced Learners provides readers with a complete and up to date introduction to core elements of curriculum development in gifted education with implications for school based implementation Written by key experts in the field this text is essential to the development of high powered rich and complex curricula that treat content process product and concept development considerations as equal partners in the task of educating gifted learners Along with revised chapters this edition contains new chapters on culturally responsive curriculum the performing arts robotics and engineering design as well as social and emotional learning Additional material concerning talent trajectories across the lifespan accompanies a

discussion of honors curriculum in higher education rounding out this comprehensive resource This master text is a must read for educators interested in executing effective curriculum and instructional interventions to support learning for gifted and advanced learners

Advanced Foreign Language Learning Heidi Byrnes, Hiram H. Maxim, 2004 The popular AAUSC series of annual volumes for directors of university language programs strives to further scholarship in second language acquisition and teaching with regard to undergraduate programs with multi section courses Teaching assistant supervision teaching assistant professional preparation and the role of faculty and administrators in postsecondary institutions are some of the topics addressed

Developing Advanced Literacy in First and Second Languages Mary J. Schleppegrell, M. Cecilia Colombi, 2005-04-11 This book addresses the linguistic challenges faced by diverse populations of students at the secondary and post secondary levels as they engage in academic tasks requiring advanced levels of reading and writing Learning to use language in ways that meet academic expectations is a challenge for students who have had little exposure and opportunity to use such language outside of school Although much is known about emergent literacy in the early years of schooling much less has been written about the development of advanced literacy as students move into secondary education and beyond

Developing Advanced Literacy in First and Second Languages Meaning With Power brings together work on first and second language acquisition and emphasizes the importance of developing advanced literacy in the first language such as Spanish for bilingual students as well as English spans a range of theoretical orientations and analytic approaches drawing on work in systemic functional linguistics genre theory and sociocultural perspectives addresses the content areas of science history and language arts provides specific information about genres and grammatical features in these content areas and presents suggestions for teacher education What unites the contributors to this volume is their shared commitment to a view of literacy that emphasizes both the social contexts and the linguistic challenges The chapters collected in this volume contribute in important ways to research and pedagogy on advanced literacy development for the multilingual and multicultural students in today s classrooms This book is particularly useful for researchers and students in language and education applied linguistics and others concerned with issues and challenges of advanced literacy development in first and second languages

Teaching Advanced Language Skills through Global Debate Tony Brown, Jennifer Bown, 2014-12-15 Using debate to develop advanced competency in a second language is a method that is finding increased interest among instructors and students alike whether in synchronous online teaching or the individual classroom Through debate students learn how to make hypotheses support their conclusions with evidence and deploy the rhetoric of persuasion in the target language Though this method provides an exciting pedagogy for moving students from the advanced to the superior level there is a paucity of materials available for instructors who wish to plan a curriculum focused on debate

Teaching Advanced Language Skills through Global Debate Theory and Practice provides teachers with both the theoretical underpinnings for using debate in the foreign language classroom as well as practical advice for developing reading listening writing and

speaking skills through debate It discusses task based language learning and helps instructors design debate related tasks for the classroom Teaching Advanced Language Skills through Global Debate will be useful for any instructor working at the advanced level and particularly for those training future language instructors One of the new digital short publications available through Georgetown University Press it is an ideal complement to the press s new titles on mastering languages through global debate Georgetown Digital Shorts longer than an article shorter than a book deliver timely works of peer reviewed scholarship in a fast paced agile environment They present new ideas and original texts that are easily and widely available to students scholars libraries and general readers
