The Chronicles Of Akhira:

The Chronicles of Akhira Abd al-Hayy Moore, 1986 Sparrow on the Prophet's Tomb / Poems Daniel Abdal-Hayy Moore, 2009-06-01 Of the three books collected here the first is celebratory of Islam's eschatology next world doctrine the second an homage to the Prophet Muhammad peace and blessings of Allah be upon him and the third written on an Umra in 1995-96 to Mecca and Medina These are all poems of my root work going down into the loam of study practice and fidelity to the ideas and often the terminology of Islamic and Sufic thought while my poetic development since these books incorporate more imaginatively leaping imagery and unhesitatingly associational language to more openly circumscribe both the tone and experience of a modern American but cosmopolitan Muslim Sufi in our very promising but rambunctiously tumultuous times

The Match that Becomes a Conflagration Daniel Abdal-Hayy Moore, 2016 Poems of Sufi Devotional nature infused with the lights of nature and praising and loving Allah The God of nature and of all each thread of which vibrates with God's Love in nature and out of nature **The Sound of Geese Over the House / Poems** Daniel Abdal-Hayy Moore, 2015 The sound of geese over the house and in the house the prayer on the Prophet The sound of geese over the house and in the house Allah loves you The mountains are full of light and their gigantic shadows are eloquent since they're leaning against the sky and out into space with their crags and outcrops No sound can scale in a dimension commensurate with the pure expanse of it The sound of geese over the house puts a dome of life above us and a sea of life below us and a world of life all around us and a shaft of living Light inside us *The Crown of Creation / Poems* Daniel Abdal-Hayy Moore, 2012-07-01 This poem was suggested in a flash by a paragraph in Michael McClure's book *Scratching the Beat Surface* in which he quotes Ernst Haeckel in the words used here as an epigraph Ontogeny recapitulates phylogeny He goes on to say in explanation Haeckel meant that the individual in his growth from meeting of sperm and ovum at conception lives out in fetus the growth and evolution of his tribe that first he is an amoeba then a colonial organism then an invertebrate then a lancelet then a fish until at last he is a mammal and a human Reading this brought together for me various strands of thought into one clear picture in harmony with the cosmological picture of the Muslim saints Man is a little cosmos the cosmos is a big man And the view that Allah created the entire creation as a setting as it were into which He placed man the jewel the perfect diamond as the seal and culmination of this creation

The Throne Perpendicular to All that is Horizontal Daniel Abdal-Hayy Moore, 2014 We're born in a relationship with theology Nurtured in the womb by other than our means born into the world at large at very large from our meditative seclusion our khalwa the Arabic for spiritual retreat often practiced in a closet like room just enough for a devotee to sit comfortably we emerge into a theological world willy nilly As soon as we take a breath of worldly oxygen we're in a tight relationship with the whole God system as believers or non-believers until our last breath leaves us So in the title it's a Throne that is perpendicular at an always angle to all that is in our and all worlds while still being seated only as it were within it and Allah seated upon it And this is our present and ever

present reality in all its manifestations It s a way of seeing and a way of being and everyone down to the minutest mouse is in theological relation to it Oh that feather floating through the air and that ant at the water drain Yes you there you too *The Soul's Home / Poems* Daniel Abdal-Hayy Moore,2014 This collection from 2013 continues the intended trajectory of a lifetime s work that celebrates and posits the direct perception that The Divine Reality faces us from everywhere and in literally every circumstance of each moment of our lives In this the world s soul envelope has been turned inside out revealing itself in images of light Rather than invoking metaphors for experience my project has been to move from the word as symbol toward the word as reality as W C Williams said about the poetry of Ezra Pound words not standing for an already completed experience physical or spiritual but in the act of writing itself revealing the core the poem s very details being in themselves the experience between seen and unseen with transitive imagination the active aesthetic practice as much as Allah inspires and allows *White Noise in This World Silver in the Next* Daniel Abdal-Hayy Moore,2015 White noise is a random signal with a constant power spectral density says Google Such a signal is heard as a hissing sound resembling the sh sound in ash In music and acoustics the term white noise may be used for any signal that has a similar hissing sound After chemo and radiation my oncologist asked if I heard a hissing sound in my ears I said no having always thought of it as the Music of the Spheres It s the background silence that is pure whose purity is expressed as a hissing sound Not of snakes but of bliss Or the whoosh of the sacred perceivers of bliss And in the Unseen Next World that s an inconceivable state herein called silvery TAKE ONE STEP FORWARD it all turns to light But to pour from one bottle to another step back At just the right balance it pours itself **Down at the Deep End / Poems & Drawings** Daniel Abdal-Hayy Moore,2013-02-01 This may be a secret among only a few of its recipients but cancer is a direct and positive gift from God Its chemo and radiation therapies wrack and ruin us and its alternative therapies may bewilder us with the arcane and often whacky character of their methods I chose the traditional medical program of three chemo and thirty five radiation sessions begun immediately after diagnosis of my cancer and I praise Allah for the doctors who treated me with their medicine chest of tough love _____ Redemption happens the way water falls Forgiveness is air let into an airless room Even at the top of the highest peak we can t just step off into the sky At some point only God s Love has any reality and everything hangs enraptured from that ferocious hook Streams of light continue to enter us from we know now where The truth of our beings light streaming everywhere

The Blind Beekeeper Daniel Moore,2001 This collection provides an introduction to the work of an American Arabist and Sufi poet Ranging from the personal and lyrical to full narratives and the ever present mystical elements the poems explore the inter cultural traditional and postmodern world *The Ramadan Sonnets* Daniel Moore,1996 [The Muslim World Book Review](#) ,1987 **Books in Print** ,1977 [Halley's Comet](#) Abd al-Hayy Moore,1988 **Solo** Glenna Luschei,David Oliveira,Jackson Wheeler,1999-09 **Periodica Islamica** ,1993 *Publishers Directory* ,1991 *City Lights Review* ,1988 *Small Press Record of Books in Print* Len Fulton,1989 *Green Dragon* ,2002
