Conference, 2006 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi faceted way than has often been the case in the past The fifty three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations The contributors are all members of IASIL International Association for the Study of Irish Literatures Back to the Present Forward to the Past Irish Writing and History since 1798 will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture **The Communication Cord** Brian Friel, 1989

Brian Friel's Models of Influence Zosia Kuczyńska, 2023-12-04 The Brian Friel Papers at the National Library of Ireland are a record of a life s work in progress They represent a way of working and of making art over a period spanning more than fifty years This book is the first of its kind in its attempt to interrogate the role of the Brian Friel Papers in Friel s legacy as a working artist with a richly developed creative practice By means of an unprecedented focus on Friel s artistic process Kuczy ska asks not only how and by whom Friel was being influenced and inspired but also how and for whom Friel s praxis might come to be an inspiration Combining forensic archival scholarship with original collaborative practice based research this study remains focused on the how of influence showcasing an approach to literary archives that foregrounds live practices of access in the spirit of creative encounter Whether uncovering forgotten source materials for Friel s plays or working with current practitioners in the arts Kuczy ska reveals how an approach to literary archives grounded in artistic practice might provide the tools for setting a major creative legacy not in stone but rather in motion **The Poems of Seamus Heaney**
