The Final Deduction David Walker,2012-03-02 Sherlock s Ultimate Secret This novel offers a controversial interpretation of the famous detective that challenges all assumptions Thrown together after many years Watson and Holmes must save England from a nefarious plot Yet before they have scarcely begun Watson discovers a secret so incredible that it threatens to dislodge his own reason Can he still work with Holmes This accounting of Sherlock Holmes last case I have penned only after much consideration and debate What follows will not be released to my heirs until long after that brilliant intelligence and myself have passed from this material world Otherwise the scandal this chronicle will create would overweigh the momentous accomplishments of

Holmes and sensationalize our remaining lives in a manner I am certain we would both find undesirable Yet this case and all its revelations must be published for without it the true significance of who and what Holmes was will never be appreciated I know this to be true for until this last adventure though I called him friend for thirty years I did not know Sherlock Holmes Dr John Watson from The Final Deduction Make up your own mind about the book they don't want you to read 2nd Edition
