The Gradual Revolution Chinas Economic Reform Movement:

The Gradual Revolution Hui Wang, 1994 This book should prove to be especially timely as American investors and businessmen are pouring into China for new commercial ventures while scholars are likewise coming to China in order to obtain information and experience to benefit other struggling formerly socialist economies Wang makes no claim that present day China is necessarily a model for the rest of Asia or Eastern Europe but he does make plain that variations on the theme of a free market and a controlled polity are as much a part of Leftist as of Rightist regimes As a result this book should have appeal quite beyond undergraduate and graduate courses in modern China and should extend to those political scientists and sociologists who take seriously fundamental themes of development *Rising China in the Changing World Economy* Liming Wang, 2012-03-12 China's rapid and sustained growth over last thirty years has propelled it to become the world's second largest economy today and potentially the largest in the foreseeable future As one of the first major economies pulling out of recession and the last remaining major socialist country in the world today China presents a challenge to established thinking on the essential primacy of global capitalism and the settled nature of the world system as China becomes more integrated into the world economy and the international system both are themselves potentially transformed as a result of China's involvement This book explores a wide range of issues connected with the impact of China on the global economy and the prevailing international system Subjects covered include China's multinationals international acquisitions the exchange rate research and development and technology transfer China's emerging major business groupings and small and medium sized enterprises *China In The Post-utopian Age* Christopher J. Smith, 2019-04-11 China in the Post Utopian Age is an interdisciplinary book about China in the post utopian age focusing on the transformations that have occurred during the leaderships of Deng Xiaoping and Jiang Zemin throughout the 1980s and 1990s *Enduring Change* Ju Li, 2019-01-29 In *Enduring Change* Ju Li explores the concrete labor and social history of one particular Third Front industrial complex in China from the 1960s to the globalized present By connecting the micro historical ethnographic research with larger structural dynamics Li provides a vivid in depth and multi layered account of how the transformative history of the past half century has manifested itself in this small industrial site and how several generations of workers there have lived through these turbulences *Discord Or "harmonious Society"?* John P. Geis (II.), 2011 NOTE NO FURTHER DISCOUNT FOR THIS PRINTED PRODUCT OVERSTOCK SALE Significantly reduced list price By John P Geis et al Provides essays about China's future Predicts that within the time frame covered in this monograph China will supplant the United States as the greatest economic power on Earth While its military capabilities are expected to lag slightly behind by 2030 China will be for all practical purposes a peer of the United States in terms of its ability to influence interactions within the nation state system Military academia lawmakers and policy analysts may be interested in this volume High school to graduate students pursuing coursework in global studies especially China Studies classes may also find this reference useful Related products China
