Adventure Module U3 The Final Enemy

by Dave J. Browne with Don Turnbull

AN ADVENTURE FOR CHARACTER LEVELS 3-5

At last — an opportunity to avert the threat to the little town of Saltmarsh! The real enemies have been identified — evil, cruel creatures, massed in force and viciously organized. Can the brave adventurers thwart this evil and ensure the safety of Saltmarsh?

The Final Enemy is the final part in a series of three modules designed and developed in the United Kingdom for beginning adventurers with the AD&D™ rules. Its plot follows directly from those of the first two parts (Module U1 — The Sinister Secret of Saltmarsh, and Module U2 — Danger at Dunwater). This adventure can be played by 8-12 characters of experience level 3-5. This module contains large-scale maps, full background information and detailed encounter descriptions for the players and DM.

The Final Enemy:

The Final Enemy Dan Petrosini, 2023-02-07 In the face of a death defying power what s the new normal Like all reporters Jack longs for a breaking story but is stuck writing obituaries for a small town rag As his frustration mounts it hits him that no one has died in over three days Jack s odd observation becomes something far stranger when he connects a meteorite to the bizarre phenomenon Seizing the opportunity Jack breaks the story and after a struggle to control the meteorite s power is resolved a swelling population begins to create havoc With the survival of the human race hanging in the balance politicians enact increasingly horrific measures and desperate citizens take matters into their own hands Jack s in a position to not just report the news but change it and his decisions and observations creates an epic thriller that pits the potential of human immortality against a force designed to change or obliterate humanity itself Only one man might stand in its way the man buried in the obits department The Final Enemy is a story of social disintegration as well as a saga of survival Secret plans starvation suicide and a series of events that spiral the human race into a desperate survival mode evolve from a seemingly singular event and leads to a fast paced action story that delights with its penchant for the unexpected In the Matthew Mather and A G Riddle tradition The Final Enemy is a gripping blend of thriller and science fiction that will prove hard to put down
