Tomorrow's Capitalist Alan Murray, 2022-05-10 The Next Big Idea Club Best Leadership Books of 2022 In an era of political and cultural extremism America's corporate leaders have emerged as the pragmatic center of a movement for social and economic progress The core tenets of a capitalist system that dominated the world for more than a century are being challenged as never before Narratives about the failures of capitalism the greed of the 1 percent and the blindness of corporations to public need have made their mark and are driving change These aren't the superficial cosmetic fixes that generated so much cynicism in the past but a revolution in the way corporations are imagined and run Tomorrow's Capitalist reveals how corporate CEOs the ultimate pragmatists realized that they could lose their operating license unless they tackle the fundamental issues of our time climate diversity and inclusion and inequality and workforce opportunity Responding to their employees and customers who are demanding corporate change they have taken the lead in establishing the bold new principles of stakeholder capitalism ensuring that for the first time in more than a half a century it is not just shareholders who have a say in how corporations are run Alan Murray vividly captures the zeitgeist of the real and compelling dynamic that is transforming much of the corporate world

Whole Person Promotion, Women, and the Post-Pandemic Era: Impact and Future Outlooks Crosby, Michelle, Faludi, Julianna, 2022-05-20 The COVID 19 pandemic both accelerated social and household inequalities and made them more visible as the spatial and social divide between work and home life was broken down Historically during times of crisis or huge systematic change women have served as shock absorbers Shock absorption of systemic change by women as well as that of our planet's natural resources is not a new phenomenon and this dynamic persisted even during state socialism however in the current institutional setups there seems to be no logical solution because of the orientation around marketization and externalization by central actors Currently during a time of great precarity in our digital revolution old institutions are still counting on women the planet and other vulnerable groups to support this transformation with no clear protection of whole personhood Whole Person Promotion Women and the Post Pandemic Era Impact and Future Outlooks provides the latest empirical research findings in the post pandemic era with the household as the central unit of analysis It improves understanding of how old institutions persist and are even reinforced during times of crisis as well as generates a discussion about to what extent there is variation in experiences how satisfied we are with these dynamics and what internal and external interactions we can attribute to the world that we envision Covering topics such as individual wellbeing platform capitalism and gender inequality this premier reference source is a

dynamic resource for lawyers policymakers government officials politicians business leaders managers economists non profit organizations libraries students and faculty of higher education sociologists anthropologists researchers and academicians
