The law enforcement mechanism in a series of countries however must still be strengthened. In one section of the book the authors give an overview on the institutionalisation of Intellectual Property Rights in Central and Eastern Europe and in some successor states of the former Soviet Union with special regard to Russia. Moreover Intellectual Property Rights systems in the United States and Western Europe are compared and the rules of WTO were taken under consideration in order to find out their potential for fostering or hampering the central and eastern European process of transition.
