Rhodes,2017-06-01 This study examines how the multiple social cultural and political changes between John Kennedy s inauguration in 1961 and the end of American involvement in Vietnam in 1973 manifested themselves in the lives of preadolescent American children Because the preadolescent years are according to the child development researchers the most formative Joel P Rhodes focuses on the cohort born between 1956 and 1970 who have never been quantitatively defined as a generation but whose preadolescent world was nonetheless quite distinct from that of the baby boomers Rhodes examines how this group understood the

historical forces of the 1960s as children and how they made meaning of these forces based on their developmental age He is concerned not only with the immediate imprint of the 1960s on their young lives but with how their perspective on the era influenced them as adults
