*The Splintered Man* M. E. Chaber, 1957      **Milo March #5** Kendell Foster Crossen, M.E. Chaber, 2020-06-08 It's been two years since Milo March sneaked into East Germany to capture a valuable Western deserter. Now as a major in the Army Reserves, he is recalled to tackle a much weirder case. No one knows why Hermann Gruss, head of the counterespionage police in West Germany, disappeared behind the Iron Curtain. Did he defect voluntarily or was he taken by force? Either way, Milo has to get him back before he reveals secrets that the U.S. shared with him. Some say Gruss suffers from a dread disease and is being treated in East Berlin with the latest wonder drug by his friend Dr. Oderbruch. Milo suspects that Oderbruch, a former Nazi, is experimenting on Gruss, bouncing him in and out of insanity like a yo-yo by dosing him with LSD, then healing his schizophrenia with an antidote. Withholding the antidote is a handy way to squeeze information out of Gruss, and the drug experiments are part of a larger fiendish project involving mind control of the military. In his effort to gain access to Oderbruch and find Gruss, Milo ends up in the arms of the lustful Frau Beate, who plies him with Soviet champagne and vodka. Milo is reasonably safe if hangovers are the only menace. But when his disguise as a Russian secret police agent is blown, he is packed off to a mental hospital. There, he joins Gruss as the doctor's latest guinea pig. Milo survived a marathon interrogation by the Communists during his last mission. But this is different: the hallucinogenic effects of LSD threaten to splinter his mind into pieces. How will he escape the closely guarded hospital, bringing both Gruss and the evil Oderbruch back with him to the West? Milo's quick-witted action and sheer nerve, not to mention his irreverence toward authority figures on both sides, make for the wildest trip of all: an insane car chase back to the Free World.      [The Splintered Man](#) Kendell Foster Crossen, 1957      **Ancient types of man** Sir Arthur Keith, 1912      *In Place of the Self* Ron Dunselman, 2015-09-16 The Author sheds important new light on addiction so that both individuals and professionals can make more informed choices. Drawing on extensive research with drug users and his rehabilitation work as a psychologist, Ron Dunselman offers remarkable insights into why drugs are so attractive to users, the origin and history of drugs, detailed descriptions of the physical and psychological effects of each drug, how drugs undermine personal identity.      [Treatment, Or Healing by True Prayer](#) Frederick L. Rawson, 2007-04-01 Through a true communion with God, argues the author, it is possible to treat any and all problems from loneliness to envy to gray hair and even bad investments. But the prayer that Rawson speaks of is based not upon supplication to an omnipotent being who may or may not be listening, but on a simple process of denial and affirmation. Using an exhaustive list of examples, Rawson shows how to first deny the problem, then affirm what he calls the absolute good. It is only by dwelling on God's perfect world that one can find true healing. This is essential reading to the faithful and a work of genuine curiosity to everyone else. British engineer, businessman, and author FREDERICK LAWRENCE RAWSON, 1859-1923, also wrote *How to Bring About Permanent Peace* (1916), *Secret of Divine Protection* (1918), and *Nature of True Prayer* (1920).      **Tom Clancy's Splinter Cell: Firewall** James Swallow, 2022-03-15 Legendary agent Sam Fisher teams up with a

new NSA recruit his own daughter to save the world in this gripping new thriller from the renowned Tom Clancy's Splinter Cell videogame universe Veteran Fourth Echelon agent Sam Fisher has a new mission recruiting and training the next generation of Splinter Cell operatives for the NSA's covert action division including his daughter Sarah But when a lethal assassin from Fisher's past returns from the dead on a mission of murder father and daughter are thrust into a race against time as a sinister threat to global security is revealed A dangerous cyberwarfare technology known as Gordian Sword capable of crashing airliners destroying computer networks and plunging entire cities into darkness is being auctioned off to whichever rogue state makes the highest bid Sam and Sarah must call on their very singular set of skills to neutralize Gordian Sword and stop the weapon falling into the wrong hands at any cost

**Milo March #23** Kendell Foster Crossen, M.E. Chaber, 2021-06-04 For the first time in book form six stories from vintage men's magazines 1952 1961 featuring Milo March the shrewd insurance investigator and brazen secret agent created by M E Chaber The Jelly Roll Heist A series of thefts in Denver has the insurance executives biting their nails Judging by the loss of a belly dancer's navel gem it looks like a seducer is preying on ladies with sparkly things Or is there a more sinister gang behind it Hair the Color of Blood Milo's on vacation at a swank Santa Monica hotel when he hears a scream He rushes to save the damsel in distress and the next thing he knows he's waking up in bed with the naked body of a red haired corpse The Hot Ice Blues A new jewel robbery occurs every night while Milo sits around playing Dixieland platters with a real gone chick Is the insurance company's star investigator really goofing off Murder for Madame Someone swipes a worthless box tossing aside the costly pearl necklace that was inside Now four people are desperate to retrieve the box five if you count Milo who can't resist trying to figure out why The Red Red Flowers Major March U S Army Reserve is sent undercover to Moscow where a captured American U 2 pilot is on trial As usual Milo has no plan but makes it up as he goes along He will have mere moments to retrieve a coded message and snatch the pilot from the Communists hands but things don't go exactly as expected The Twisted Trap Just because you're paranoid doesn't mean they're not out to get you A wealthy old policyholder claims that his sexy young wife and her psychiatrist lover have teamed up to poison him with a drug that mimics the symptoms of madness If he should die accidentally as a result of this condition his wife will get an enormous life insurance payout Having escaped from a sanatorium the old man insists that Milo must rescue him But doing so may cost Milo his own sanity
