The Gringos:

An Expedition to the Ranquel Indians Lucio V. Mansilla, 2014-09-05 The encounter between Native American peoples and Europeans and their descendants has marked the history of every nation in the Americas both North and South Lucio Mansilla's *Una excursión a los indios ranqueles* published in Argentina in 1870 is one of very few works in American letters that presents a vivid firsthand account of a noncombative encounter between Native American and European civilizations This volume is the first English translation of Mansilla's classic work Long noted for its humor adventurousness and narrative ingenuity the book offers penetrating insights into fundamental issues of civilization and barbarism immigration ethnic and racial diversity and land ownership and tenancy Mansilla alone among his contemporaries espoused open dialogue as the best approach to the Indian problem Although the peace accord he sought to enact with the Ranquels was summarily disregarded by the Argentine government which slowly gravitated towards a policy of ethnic cleansing and expropriation of Indian lands the Expedition does narrate a rehearsal for a reconciliation that in the end never took place

Tracing the Veins Janet L. Finn, 2023-04-28 This tale of two cities Butte Montana and Chuquibambilla Chile traces the relationship of capitalism and community across cultural national and geographic boundaries Combining social history with ethnography Janet Finn shows how the development of copper mining set in motion parallel processes involving distinctive constructions of community class and gender in the two widely separated but intimately related sites While the rich veins of copper in the Rockies and the Andes flowed for the giant Anaconda Company the miners and their families in both places struggled to make a life as well as a living for themselves Miner's consumption a popular name for silicosis provides a powerful metaphor for the danger wasting and loss that penetrated mining life Finn explores themes of privation and privilege trust and betrayal and offers a new model for community studies that links local culture and global capitalism This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 This tale of two cities Butte Montana and Chuquibambilla Chile traces the relationship of capitalism and community across cultural national and geographic boundaries Combining social history with ethnography Janet Finn shows how the development of co

A Visit to the Ranquel Indians Lucio V. Mansilla, 1997-01-01 Lucio V Mansilla 1831 1913 the widely traveled and cultured scion of a famous family was a colonel in the Argentine army when he undertook an excursion to the Argentine interior in 1870 to visit natives in areas then largely unknown Mansilla's uncle dictator Juan Manuel de Rosas dominated most of Argentina from 1829 to 1852 and had led successful military expeditions against the frontier Indians in 1852 Mansilla set out for a reconnaissance into the tense border region just after a peace treaty had been signed with the Indians Over the course of this expedition Mansilla sent to a friend in the capital a series of letters which were then serially published in a leading

Buenos Aires newspaper His careful observations offer valuable ethnographic data as Argentina's Indians were almost totally extinguished or assimilated within a few generations of Mansilla's expedition Furthermore his account which contains thoughtful perspectives on the Indian question and the dichotomy of civilization and barbarism stands as a lasting contribution to Argentine and Spanish American literature Mansilla's work both in this account and elsewhere made him a leading figure in the Argentina Generation of 1880 a group crucial in the development of Argentine literary and intellectual life

To the Halls of the Montezumas Robert W. Johannsen, 1988-01-21 For mid 19th century Americans the Mexican War was not only a grand exercise in self identity legitimizing the young republic's convictions of mission and destiny to a doubting world it was also the first American conflict to be widely reported in the press and to be waged against an alien foe in a distant and exotic land It provided a window onto the outside world and promoted an awareness of a people and a land unlike any Americans had known before This rich cultural history examines the place of the Mexican War in the popular imagination of the era Drawing on military and travel accounts newspaper dispatches and a host of other sources Johannsen vividly recreates the mood and feeling of the period its unbounded optimism and patriotic pride and adds a new dimension to our understanding of both the Mexican War and America itself

The Highest Andes Edward Arthur Fitz Gerald, Stuart Vines (i.e. Walter Stuart Menteith), Thomas George Bonney, George Charles Crick, Reginald Innes Pocock, George Albert Boulenger, Isaac Henry Burkill, Philip Gosse, 1899 This book is the outcome of seven months work by myself and my colleagues Mr Stuart Vines Mr Arthur Lightbody and Mr Philip Gosse in the Andes of Argentine My expedition had for its object primarily the triangulation of the country immediately surrounding the peak of Aconcagua America's highest mountain and secondly the scaling of the great peak itself which had up to that time defied the efforts of all who had attempted to gain its summit The success that we met with was due to the unflagging help and splendid efforts of my companions who in the face of many difficulties and hardships assisted me with unflinching cheerfulness and great courage
