[Tape, I-C-E, and Sound Advice](#) Rod Walters,2012-09-01 Hall of Fame Rod Walters has enjoyed a wonderful career in sports As a youth he knew he wanted to be in the health care industry During the summer of his ninth grade year his parents scholarshiped him to the North Carolina All Star Student Athletic Training Clinic in Greensboro North Carolina Little did he know that at this

clinic he would meet some of his favorite professionals who would mold and direct his professional career while being exposed to his professional calling. The world of Athletic Training and Sports Medicine involves so many facets in health care today to provide the participant a high standard of care. Regardless of the level of work whether it be the professional football arena, big time college athletics, the highly competitive mid levels of the NCAA, high school football under the Friday Night Lights, or the outreach role from a Physical Therapy clinic, Athletic Trainers all strive to provide their patients service through the prevention, care, and rehabilitation of sports injuries.

[An Athletic Trainers' Guide to Sports Nutrition](#) Damon Amato, 2024-06-01. *An Athletic Trainers' Guide to Sports Nutrition* fills the void of a subject area that is underrepresented in current athletic trainer curriculums despite its importance in the field. Damon Amato has created a text that can be easily read and understood by health care professionals yet is in depth enough to create a solid understanding of how the body works and easy enough to then pass on the information to athletes to help them eat ideally based on their specific sport, goal, and situation. Giving a physiology background is necessary to lay the foundation for understanding why certain recommendations in the text are given; however, only the necessary details are included to focus on what is pertinent for athletic trainers to understand while advising athletes. Some topics covered inside include: Basics of human nutrition, Disordered eating and eating disorders in athletes, Supplements, Eating optimally for injury recovery, Nutrient timing, Special situations. *An Athletic Trainers' Guide to Sports Nutrition* gives athletic training clinicians and students the information and tools necessary to aid athletes in maintaining peak performance in nutrition and fills the void left in the current athletic training curriculum.

[Management Strategies in Athletic Training](#) Richard Ray, 2005. Updated and invigorated *Management Strategies in Athletic Training* Third Edition helps readers deal creatively with the management challenges athletic trainers face on the job. Like its predecessor, the new edition uses a case study approach to teach students theories of organization and administration and to apply them to real world situations in the profession of athletic training. The text part of *Human Kinetics Athletic Training Education Series* is an excellent resource for athletic trainers who want comprehensive knowledge of management theory and practice. The book's organization strategies can also be applied beyond athletic training to a variety of fields related to sports medicine, making it a valuable resource for any sports medicine professional. In addition to 10 updated chapters, *Management Strategies in Athletic Training* Third Edition offers new sections on finding a job and planning conferences, plus current coverage of health insurance concerns, new administrative standards from the National Athletic Trainers Association (NATA), prescription medications, application of the Americans with Disabilities Act, computer hardware and software applications, reimbursement for athletic training services, and emergency action plans. Designed to encourage critical thinking, *Management Strategies in Athletic Training* Third Edition opens and closes each chapter with realistic and fascinating case studies presenting real world dilemmas faced by athletic trainers.
