How Men Turn Women Into Nothing Andrey Davydov, Olga Skorbatyuk, 2014-08-27 Every woman considers herself an individual In vain as regardless of race ethnicity profession and so on no woman is an individual Every woman lives as man programmed her to live as it is convenient for him as he wants her to Women do not even suspect who produces images for what they consider their Self and why By studying the history of world culture literature pictorial art architecture music science etc it is easy to trace that men usurped everything that had to do with images as ideas for creation of anything And from time immemorial women were left with a role of stupid consumers and performers and it was made sure that women think that they women are creators too But women did not participate in the birth of any product which begins with a sketch and in turn a sketch begins with an idea and an idea begins with an image Yes women weaved embroidered painted cloth and sometimes sewed But based on sketches made by whom Based on sketches and patterns created by men The essence of this process is to forbid women from creating images and under any excuse to never allow women to do it ever Excuses used are from rudest and degenerative What are you trying to do you fool Go make me a sandwich instead or Do you not hear your baby crying to the most romantic and poetic You are my muse just be near inspire me you are so beautiful Men s intent is simple to have total control over the psyche and the physiology of any woman because an image is the basis of functioning of any person Providing an image to a woman ensures that she will live and function strictly according to this image Also an image is the basis for control of any person as well as the basis of knowledge about her him Men create images Therefore they know exactly what image is behind this or that behavior of a woman In other words they know how she will think act present herself what she will want strive for and seek from men as well So a woman does not even suspect that she is like an open book for any man even if he sees her for the first time But women are sure that images that they use including for construction of their Self Image that they consider their individuality are a secret Borrowing images that were made up by men from cultural sources and using them to form her personality her way of life any woman strongly believes in her unrepeatability originality and uncognizability What do you think who gave women this assurance and why In other words men achieved what they wanted from potential goddesses women were made into logs a resource a consumable material from which a man can make whatever he likes Men use women for all and any of their needs Today women are allowed everything even to pretend that they create images too Only women are not aware that they make their creations solely on the basis of those artificial images which have already been thought up by men and have been put into women for centuries from generation to generation in the process of domestication Women are celebrating victory but none of them wonder why for example a couple of centuries ago there were no women filmmakers litterateurs painters scientists or politicians Or why in the history of humans their percentage ratio is so low Or how many prime ministers there were before Margaret Thatcher and what was their gender Or in what century there was the first female president And so on Even a quick historical review

readily available statistics make it clear that women are allowed only into already constructed and functioning system built by men And women are allowed to act only based on and within images that the system dictates Women lost the war between the sexes Since the time of birth women are being made into logs with legs spread wide as an indication of their main purpose to participate in the reproduction of the human race and be pleasant toys in the hands of men Most important is to not forget to tell women who love through their ears that they are wonderful priceless how much men love them and depend on them Long ago women were programmed to believe in any nonsense instead of seeing and analyzing facts as well as history

**Chapter 3. Archetype Semantics: How It Corresponds To The Concept Of "An Image." How Archetypal Are Images?** Andrey Davydov, Olga Skorbatyuk, 2017-09-16 An image is archetypal only when it is an individual value which through natural analogs allows a person to learn about himself obtain information about his individual qualities recorded in the individual structure of psyche which ultimately allows a person to legalize his own innate qualities The authors reason that logically an archetype in its traditional consideration cannot be that prototype preimage which as an initial idea determines the individual human psyche because by definition it belongs to culture it is its artifact Consequently according to existing semantics an archetype can be anything except an archetype as an idea This scientific paper examines whether semantics of an archetype in its traditional sense corresponds to the concept of an image if an image is considered in terms of a copy a duplicate can an archetype of culture be seriously considered as something that directly forms individual human psyche as a structure that appeared long before symbolism The authors think that not every image is archetypal because not every image is equal to prototype preimage as an initial idea corresponding to the concept of an archetype An image is archetypal only when it is an individual value which through natural analogues allows a person to learn about his own self and learn about his individual qualities recorded in the individual structure of psyche which as a result provides a person with a possibility to legalize his own innate qualities

People Born In June Andrey Davydov, Olga Skorbatyuk, Kate Bazilevsky, 2017-06-23 ANTI HOROSCOPE HUMAN SOFTWARE Series of 12 books Did you know that those born on June 4 leap years or June 5 common years are not only perpetual servants by character who are flexible try to please and anticipate desires The master is laughing I m laughing the master is sad I m sad but also they will ask a great price of the master for being whoever the master wants to see They are masters of illusions lie with or without reason Or for example did you know that those people who were born on June 6th of leap years or on June 7th of common years are not only very flexible and display calmness of a Sphinx on their faces but in matrimonial relations and they always seek to have a family they act like a night cuckoos and will cuckoo anyone over unobtrusively between the pillows they will get what they want into their spouse s head And these people are essentially untamable like cats who always walk around by themselves Hence the question are you sure that you know people whom you think you know as your own self Yes of course you know them if we take word play into account You really do know them like you know yourself that is just as bad You know your own and other people s masks and

roles but that is all You do not believe this Then open this book and see for yourself This book is for those people who are fed up with horoscopism who are tired of listening to nonsense about themselves and other people from psychologists or their all knowing relatives friends and acquaintances It will help you save not just some time in your life but your whole life because otherwise you will spend your entire life on something that is a priori impossible And it is impossible not because you are idiots but because Homo sapiens cannot fully know themselves and other people without an external and most importantly objective source Perhaps that is the reason why humanity was left factory instructions to each one of us the Catalog of Human Population Yes that is right There exists the Catalog of Human Population which you can open and find out everything about any person you are interested in including yourself Information about people presented in this book and in other eleven books in the series titled Anti Horoscope Human Software is from there and not from your favorite horoscope

**Human Manipulation Modes** Olga Skorbatyuk,Kate Bazilevsky,2015-08-25 Do you think that no one can control you Well we sincerely feel sorry for you because it means that you do not know anything about natural manipulation modes No one thought up manipulation modes as it is a purely natural mechanism which is built into psyche of every human being at the level of unconditioned reflexes and instincts Therefore no human being can resist their application Using technological terms manipulation modes are the factory settings of Mother Nature itself they are built into the structure of psyche of Homo sapiens at the level of instincts and unconditioned reflexes meaning inborn reactions of an organism to certain influences of the external or the internal environment Manipulation modes are implanted in the unconscious part of human psyche since birth Any representative of the biological type Homo sapiens has three of these modes suppressing balancing and stimulating Originally they are modes of self correction and self regulation intended to ensure that a human could regulate the state of his psychophysiology and behavior from within himself However as it turned out if you know natural manipulation modes of an individual and transmit them towards him her from the outside then he she becomes one hundred percent controllable like a robot machine It is a priori impossible to notice the influence of application of natural manipulation modes of a human The influence bypasses consciousness and intellect of the subject of manipulation No one is able to notice transmittance of natural manipulation modes towards him her regardless of his her professional skills educational level life experience and intuition as these modes are an inherent part of individual structure of human psyche They are his her own native what is called closer than skin Probably the unprecedented power of this tool and its effectiveness are due to that it is a nature s creation Nobody invented

or developed manipulation modes Information about this natural mechanism and practical tool for managing a human are of a very archaic origin Both were accidentally found by a Russian researcher sinologist Andrey Davydov while he was studying one very ancient source The title of this source is Shan Hai Jing translated from Chinese as the Catalog of Mountains and Seas Authorship and the exact dating of Shan Hai Jing are still unknown However according to some experts it dates back to XXIII century BC The existence of this text has long been known The ancient Chinese philosopher Confucius IV V centuries BC was familiar with it but prior to the discovery made by Andrey Davydov no one even supposed what kind of information is encrypted in this ancient source However despite that the researcher was able to uncover the secret of Shan Hai Jing and find out that this ancient Chinese monument is nothing other than the original instruction to Homo sapiens the description of a blueprint pattern of human psyche this source still remains mysterious At least because it is still unknown who left the writings with this knowledge to people We think that it is easy to conclude from everything stated above that your favorite mantra It is impossible to manipulate me will no longer help you Despite that your fantasies about being unmanageable will remain with you and just like before you will feel absolute freedom independence and randomness of all of your actions if someone will want you to then you will twitch like a puppet on invisible strings All that now remains in your power it to decide whether to continue being a subject for someone s manipulations or to choose the position of a manipulator There is no third option anymore However we are not suggesting to believe in that this is really the case We never urge anyone to believe including us because we know that faith is one of the factors which has a very harmful effect on human psychophysiology We are offering a different life principle knowledge And for this reason we provided one of the 3 manipulation modes of people who were born on October 12th of leap years or October 13th of common years at the end of this book for free This manipulation scenario is of their suppressing manipulation mode Act out this scenario to people with these dates of birth and make certain that the Catalog of human population really exists

## **Spread Wide Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Spread Wide has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Spread Wide has opened up a world of possibilities. Downloading Spread Wide provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Spread Wide has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Spread Wide. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Spread Wide. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Spread Wide, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed

and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Spread Wide has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
