Syntax Of Time Current Studies In Linguistics 37:

Parameter Theory and Linguistic Change Charlotte Galves,2012-11 Leading scholars examine languages ranging from old Egyptian to modern Afrikaans They consider the insights parametric theory offers to understanding the dynamics of language change and test new hypotheses against an extensive array of data In both the broad range of languages it discusses and its use of linguistic theory this is an outstanding book

Finiteness Matters Kristin Melum Eide,2016-08-25 Although standardly recognized by linguists of many diverse theoretical persuasions finiteness continues to figure among the most poorly understood concepts of linguistic theory This was eloquently stated by Ledgeway 2000 2007 and remains true even today The present volume thus aims to shed some much needed light on this area of linguistic theorizing with eleven chapters approaching finiteness phenomena from the fields of syntax semantics language acquisition and Creole studies and providing data from a range of different languages Traditionally approaches to finiteness within the Principles and Parameters framework have seen as their main aim to understand the relation between the morphological exponents of finiteness and the syntactic operations seemingly depending on these exponents The papers in this volume mostly take their point of departure from this more traditional view on finiteness before elaborating on modifying and diverging from this tradition in novel and interesting ways

Rethinking Parameters Luis Eguren,Olga Fernandez-Soriano,Amaya Mendikoetxea,2016-01-15 Parameters of linguistic variation were originally conceived within the chomskyan Principles and Parameters Theory as UG determined options that were associated with grammatical principles and had a rich deductive structure This characterization of parametric differences among languages has changed significantly over the years especially so with the advent of Minimalism This book collects a representative sample of current generative research on the status origin and size of parameters Often taking diverging views the papers in the volume address some or all of the main debated topics in parametric syntax i e are parameters provided by UG or do they constitute emergent properties arising from points of underspecification in which components of the language faculty are parameters to be found do clustering effects actually hold across languages do macroparameters exist alongside microparameters are there parameter hierarchies which is the origin and role of parameters in the process of language acquisition The volume is organized into two parts Part I The nature of variation and parameters brings together studies whose main goal is to discuss general issues related to parameters or variation more generally Part II Parameters in the analysis of language variation case studies includes a number of works that deal with the empirical basis and proper formulation of well known particular parameters the Null Subject Parameter the NP DP Parameter the Compounding Parameter the Wh Parameter and the Analyticity Parameter

Linguistic Variation Issues: Case and Agreement in Northern Russian Participial Constructions Civardi, Antonio,2016-10-12 This study offers a novel approach to a longstanding problem in Slavic Linguistics the formal representation of the Northern Russian participial constructions in n o t o Unlike previous works the methodological stance

adopted by the author focuses on singling out all the relevant patterns of variation and on pursuing a unified explanation for them The key to the solution of the puzzle is the idea that the participial affix *n t* and the agreement inflections are not just pieces of morphology inserted post syntactically but true heads that enter the computation and are able to manipulate the argumental roles of the verb and to check the EPP The author's proposal is properly framed in the context of current debate on interlanguage variation

York Papers in Linguistics ,2004 *Language* ,2007 **Grammatical Change** Rachel Hendery, Jennifer Hendriks, 2010 This volume comprises a collection of papers on the theme of grammatical change that evolved out of a workshop sponsored by the Centre for Research on Language Change The Australian National University The papers extend the boundaries of what has been addressed under the label of grammatical change by applying theories and models of grammatical change to new evidence by illuminating the historical relationships between grammar and other levels of linguistics and by extending the range of languages that have been examined from the perspective of grammatical change Languages discussed include Murriny Patha Walpiri Gurindji Walmajarri and Kayardild Lardil Yukulta English Dutch German Afrikaans French Italian Portuguese Spanish Serbo Croatian Bulgarian Macedonian Slovenian Albanian Greek Old Church Slavonic Tocharian Mandarin Cantonese Quechua Basque and Tok Pisin Forthcoming Books Rose Arny, 2004 **Pragmatics** ,2006 **American Book Publishing Record** ,2006 **Current Index to Journals in Education** ,1997-10 **Selected Proceedings of the 37th Annual Conference on African Linguistics** Doris L. Payne, Jaime Peña, 2007 This volume contains 16 papers selected from the 37th Annual Conference on African Linguistics ACAL 37 which was held at the University of Oregon on April 6-9 2006 The papers included are significant for increasing the database of detailed studies of individual African languages *Studies in Language* ,2007 **Current Research in Britain** F T Energy, 1996-09 Journal of Linguistics ,2009 **Recherches Linguistiques À Montréal** ,1974 Subject Guide to Books in Print ,1996 Current Research in Britain ,1995 *Lingua* ,1995 International review of general linguistics **Computational Linguistics** ,1990

Unveiling the Power of Verbal Artistry: An Psychological Sojourn through **Syntax Of Time Current Studies In Linguistics 37**

In a world inundated with monitors and the cacophony of instant communication, the profound energy and emotional resonance of verbal beauty often disappear in to obscurity, eclipsed by the regular barrage of sound and distractions. However, nestled within the lyrical pages of **Syntax Of Time Current Studies In Linguistics 37**, a interesting work of literary beauty that impulses with fresh emotions, lies an remarkable journey waiting to be embarked upon. Written by a virtuoso wordsmith, this mesmerizing opus books viewers on a psychological odyssey, lightly exposing the latent possible and profound impact stuck within the complicated web of language. Within the heart-wrenching expanse of this evocative examination, we shall embark upon an introspective exploration of the book is key themes, dissect their interesting publishing design, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
