Tembarom](#) Frances Hodgson Burnett,2015-03-02 This particular one I knew in my rose garden in Kent I feel sure he was born there and for a summer at

least believed it to be the world It was a lovesome mystic place shut in partly by old red brick walls against which fruit trees were trained and partly by a laurel hedge with a wood behind it It was my habit to sit and write there under an aged writhen tree gray with lichen and festooned with roses The soft silence of it the remote aloofness were the most perfect ever dreamed of But let me not be led astray by the garden I must be firm and confine myself to the Robin The garden shall be another story There were so many people in this garden people with feathers or fur who because I sat so quietly did not mind me in the least that it was not a surprising thing when I looked up one summer morning to see a small bird hopping about the grass a yard or so away from me The surprise was not that he was there but that he STAYED there or rather he continued to hop with short reflective looking hops and that while hopping he looked at me not in a furtive flighty way but rather as a person might tentatively regard a very new acquaintance The absolute truth of the matter I had reason to believe later was that he did not know I was a person I may have been the first of my species he had seen in this rose garden world of his and he thought I was only another kind of robin I was too though that was a secret of mine and nobody but myself knew it Because of this fact I had the power of holding myself STILL quite STILL and filling myself with softly alluring tenderness of the tenderest when any little wild thing came near me What do you do to make him come to you like that some one asked me a month or so later What do you DO I don t know what I do exactly I said Except that I hold myself very still and feel like a robin

Tembarom : with Original Illustrations* Frances Hodgson Burnett,2020-06-18 The boys at the Brooklyn public school which he attended did not know what the T stood for He would never tell them All he said in reply to questions was It don t stand for nothin You ve gotter have a nitial ain t you His name was in fact an almost inevitable school boy modification of one felt to be absurd and pretentious His Christian name was

Temple which became Temp His surname was Barom so he was at once Temp Barom In the natural tendency to avoid waste of time it was pronounced as one word and the letter p being superfluous and cumbersome it easily settled itself into Tembarom and there remained By much less inevitable processes have surnames evolved themselves as centuries rolled by Tembarom liked it and soon almost forgot he had ever been called anything else His education really began when he was ten years old At that time his mother died of pneumonia contracted by going out to sew at seventy five cents a day in shoes almost entirely without soles when the remains of a blizzard were melting in the streets As after her funeral there remained only twenty five cents in the shabby bureau which was one of the few articles furnishing the room in the tenement in which they lived together Tembarom sleeping on a cot the world spread itself before him as a place to explore in search of at least one meal a day There was nothing to do but to explore it to the best of his ten year old ability His father had died two years before his mother and Tembarom had vaguely felt it a relief He had been a resentful domestically tyrannical immigrant Englishman who held in contempt every American trait and institution He had come over to better himself detesting England and the English because there was no chance for a man there and transferring his dislikes and resentments from one country to another had met with no better luck than he had left behind him This he felt to be the fault of America and his family which was represented solely by Tembarom and his mother heard a good deal about it and also rather contradictorily a good deal about the advantages and superiority of England to which in the course of six months he became gloomily loyal It was necessary in fact for him to have something with which to compare the United States unfavorably The effect he produced on Tembarom was that of causing him when he entered the public school round the corner to conceal with determination verging on duplicity the humiliating fact that if he had not been born in Brooklyn he might have been born in England England was not popular among the boys in the school History had represented the country to them in all its tyrannical rapacity and bloodthirsty oppression of the humble free born The manly and admirable attitude was to say Give me liberty or give me death and there was the Fourth of July Though Tembarom and his mother had been poor enough while his father lived when he died the returns from his irregular odd jobs no longer came in to supplement his wife s sewing and add an occasional day or two of fuller meals in consequence of which they were oftener than ever hungry and cold and in desperate trouble about the rent of their room Tembarom who was a wiry enterprising little fellow sometimes found an odd job himself He carried notes and parcels when any one would trust him with them he split old boxes into kindling wood more than once he minded a baby when its mother left its perambulator outside a store But at eight or nine years of age one s pay is in proportion to one s size Tembarom however had neither his father s bitter eye nor his mother s discouraged one Something different from either had been reincarnated in him from some more cheerful past He had an alluring grin instead a grin which curled up his mouth and showed his sound healthy young teeth a lot of them and people liked to see them T.
