*The Cosmic Contest* Brendan Stannard,1992      **Widdershins - Occult Detective** Alex Roth,2023-12-22 Widdershins Occult Detective Book One of the Widdershins Series Follow the fantastical tales of Widdershins Occult Detective Along with his skeptical assistant Pragmella Widdershins seeks to uncover and foil an evil cabal of dark magicians Follow them on a cosmic journey as they encounter a cast of characters as unlikely as they are endearing and confront villains intent on using magic to control the world

**Martyrdom: A Guide for the Perplexed** Paul Middleton,2011-06-02 It can be said almost without exaggeration that martyrdom has become one of the most pressing theological issues facing the contemporary world Since the attack on the World Trade Center in 2001 the world has had to face up to an Islamic manifestation of martyrdom Martyrdom has a long history as long as individuals have been dying for their faith or cause others have been telling and more importantly interpreting their stories These martyrologies are essentially conflict stories Whether a Christian confessing her faith before a bemused Roman governor or a suicide bomber blowing himself up in a crowded cafe in Jerusalem the way these stories are recounted positively or negatively reflect a wider conflict in which the narrator and his community find themselves Martyr narratives whether textual oral or even a CNN news report do more than simply report a death they also contain the interpretative framework by which that death is understood again positively or negatively When the death of a martyr is reported the way in which that story is told places that death within a larger narrative of conflict which may be regional global or even cosmic The martyr becomes a symbol of the community's desires and hopes or for that matter their terrors and fears but in either case the martyr is representative of a larger struggle and often martyrology contains the vision of how the community envisages final victory over their enemy This book aims to illuminate the way these conflict stories have been told and function principally though not exclusively within Christian Jewish and Islamic communities Continuum's Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material

contentment is not enough As a result the very things we pursue always remain out of reach because we bought into the ultimate illusion Join Master Illusionist Harris III on an unforgettable journey as he shows you how to Expose the lies you have been believing and replace them with life changing Truth Unmask the mirage of more and discover the secrets to joy and contentment Stop allowing the deceiver to prevent you from living your life to its fullest Open your eyes discover the source of true fulfillment and never fall for the Illusion of More again

**The Oxford Handbook of Religion and Violence** Mark Juergensmeyer, Margo Kitts, Michael K. Jerryson, 2015-11 Violence has always played a part in the religious imagination from symbols and myths to legendary battles from colossal wars to the theater of terrorism The Oxford Handbook of Religion and Violence surveys intersections between religion and violence throughout history and around the world The forty original essays in this volume include overviews of major religious traditions showing how violence is justified within the literary and theological foundations of the tradition how it is used symbolically and in ritual practice and how social acts of violence and warfare have been justified by religious ideas The essays also examine patterns and themes relating to religious violence such as sacrifice and martyrdom which are explored in cross disciplinary or regional analyses and offer major analytic approaches from literary to social scientific studies The contributors to this volume innovative thinkers who are forging new directions in theory and analysis related to religion and violence provide novel insights into this important field of studies By mapping out the whole field of religion and violence The Oxford Handbook of Religion and Violence will prove an authoritative source for students and scholars for years to come
