The Real Middle Earth:

The Real Middle Earth Brian Bates,2004-10-29 Tolkien s world of ogres goblins elves and fairies is more popular today than ever but as this well written and interesting study shows it was not entirely fantastical Bates argues that the tribal world of early medieval Europe encapsulating Celts Anglo Saxons and Vikings was a genuine Middle Earth *The Real Middle Earth* Brian Bates,2015-02-10 J R R Tolkien claimed that he based the land of Middle Earth on a real place The Real Middle Earth brings alive for the first time the very real civilization in which those who lived had a vision of life animated by beings beyond the material world Magic was real to these people and they believed their universe was held together by an interlaced web of golden threads visible only to wizards At its center was Middle Earth a place peopled by humans but imbued with spiritual power It was a real realm that stretched from Old England to Scandinavia and across to western Europe encompassing Celts Anglo Saxons and Vikings Looking first at the rich and varied tribes who made up the populace of this mystical land Bates looks at how the people lived their daily lives in a world of magic and mystery Using archaeological historical and psychological research Brian Bates breathes life into this civilization of two thousand years ago in a book that every Tolkien fan will want **The Real Middle-Earth** Michael Muhling,2013-04-08 JRR Tolkien s inspiration for his best selling books The Lord of the Rings has always been a mystery Tolkien himself stated that his ideas came to him as though they already existed but he couldn t name their source For generations countless researchers and biographers have sought to identify Tolkien s inspiration without success Now at last the answer is at hand Abyssinia modern day Ethiopia was an ancient Christian Empire that was one of the world s four greatest powers after the time of Christ but it became isolated by the rise of Islam Besieged in its highland fortress it became a land untouched by the passage of time It survived as the only part of Africa that was not colonized by European powers and became internationally prominent in the years immediately prior to Tolkien s writing because of the Italian war in 1935 Home to a 3 000 year old dynasty of kings and the horse riding prowess of the Oromo tribe Abyssinia s history is rich and varied The legends of its greatest saints are unique and around its borders it faced powerful enemies The Real Middle earth The Origins of The Lord of the Rings reveals fascinating insights into Tolkien and the ancient realm of Abyssinia and makes connections between them that will leave you astounded About the Author Michael Muhling was born in Perth in 1971 He began reading The Lord of the Rings when he was ten years old and has been a fan of Tolkien ever since Mike subsequently became an avid reader of the fantasy genre but Tolkien remained his favourite author because of the depth and detail in his stories Several years ago Mike and his wife began taking a keen interest in Ethiopia and in 2005 Mike identified the connection between Tolkien and Ethiopia Abyssinia Since then they have travelled to Ethiopia three times thoroughly enjoying its history culture and hospitality Mike lives in Perth Australia with his wife and two children [The Real Middle-Earth](#) Brian Bates,2002 Tolkien readily admitted that the concept of Middle earth was not his own invention but was drawn from Anglo Saxon and Norse mythology But now there is

another remarkable story to be told the magical world of Middle earth was more than a concept it really existed Drawing on the latest historical and archaeological research Professor Brian Bates shows that stretching from Old England to Scandinavia and across to western Europe from the Celts through the Anglo Saxons and Vikings there arose about two thousand years ago a largely forgotten civilization which foreshadowed Tolkien's imagined world

[The Peoples of Middle-earth](#) J.R.R. Tolkien,2023-06-13 Throughout this vast and intricate mythology says Publishers Weekly one marvels anew at the depth breadth and persistence of J R R Tolkien's labor No one sympathetic to his aims the invention of a secondary universe will want to miss this chance to be present at the creation In this capstone to that creation we find the chronology of Middle earth's later Ages the Hobbit genealogies and the Western language or Common Speech These early essays show that Tolkien's fertile imagination was at work on Middle earth's Second and Third Ages long before he explored them in the Appendices to *The Lord of the Rings* Here too are valuable writings from Tolkien's last years *The New Shadow in Gondor of the Fourth Age* and *Tal elmar the tale of the coming of the Nsme rean ships* *Papers Delivered Before the Members of the Abraham Lincoln Association ...* Abraham Lincoln Association (Springfield, Ill.),1925

as profound as Elvish immortality and reincarnation and the Powers of the Valar to the more earth bound subjects of the lands and beasts of N menor the geography of the Rivers and Beacon hills of Gondor and even who had beards This new collection which has been edited by Carl F Hostetter one of the world s leading Tolkien experts is a veritable treasure trove offering readers a chance to peer over Professor Tolkien s shoulder at the very moment of discovery and on every page Middle earth is once again brought to extraordinary life
