Translating For King James:

Translating for King James John Bois, Ward Allen, 1993 Ward Allen's Translating for King James Notes Made by a Translator of King James's Bible is a fascinating look at how the best selling book of all time took shape and sound The recovery of thirty nine amazingly legible pages of John Bois's private notes reveals how a committee of scholarly translators urged and argued bickered and shouted into being the most glorious document in the history of the English language Book jacket Translating for King James John Bois, Ward Allen, Anthony Walker, 1970 Translating for King James: Being a True Copy of the Only Notes Made by a Translator of King James's Bible, 'the Authorized Version', as the Final Committee of Review Revised the Translation of Romans Through Revelation ... in 1610-1611 John Bois, Anthony Walker, 1970

Michael T. Schmid,2016-05-31 Differences in translation between so called literal Bible versions make it quite appropriate to re evaluate what is meant by the label literal What do different literal Bible translations have in common How do they differ How do we account for possible different concepts of literalness How is the concept of literalness applied to the making of a Bible translation To answer these questions the author compares three literal Bible translations the King James Version the New American Standard Bible and the English Standard Version For each of these versions the historical background and the writings of the translators themselves are analysed The book concludes with a comparison of the three translations in their renderings of selected examples from the Gospel of John *Translation that Openeth the Window* David G.
