

COUNTRY CLIMATE & DEVELOPMENT REPORTS *IN NUMBERS*

24 Number of countries covered by CCCRs published or in press

34/100 Share of global population covered by the first batch of CCCRs

34%

Share of global CO2 emissions covered by the first batch of CCCRs

ADAPTATION

13% - 28%
Reduction in water availability in top in 2050 because of climate change

Up to **6.2%**

Agricultural losses in Vietnam by 2030 compared to 2000 levels as opposed to a scenario without climate change where agricultural output is estimated to increase by 20% from 2000 to 2030

2% - 5%

GDP gains in 2050 thanks to adaptation options explored in the Sahel CCCRs

13.5 million

Additional people in extreme poverty in the Sahel in 2050 because of climate impacts

MITIGATION

70%

CO2 emissions reductions in 2050 in the low-carbon development scenario of CCCRs

75%

Share of renewable energy in power systems in 2040 in the low-carbon development scenario of CCCRs

-0.1% to +3.3%

Impact on GDP in 2050 from a shift to low-carbon development

Annual investment needs coverage about

1.4% of GDP

over 2002-2030 across all the CCCR countries analyzed so far to shift to low-carbon, resilient development, but in lower-income countries, this often exceeds

5% of GDP

and can be as high as

8% of GDP

World Development Sources:

World Development Report 1984 World Bank,1984 Long term needs and sustained effort are underlying themes in this year s report As with most of its predecessors it is divided into two parts The first looks at economic performance past and prospective The second part is this year devoted to population the causes and consequences of rapid population growth its link to development why it has slowed down in some developing countries The two parts mirror each other economic policy and performance in the next decade will matter for population growth in the developing countries for several decades beyond Population policy and change in the rest of this century will set the terms for the whole of development strategy in the next In both cases policy changes will not yield immediate benefits but delay will reduce the room for maneuver that policy makers will have in years to come World Development Indicators ,1983 **World Development Indicators 2005**

,2005-01-01 World Development Indicators was launched in 1978 to give a statistical snapshot of the progress being made on a range of economic and social development issues and the challenges remaining both at national level and aggregated globally The 2005 edition of this annual publication includes over 80 tables and 800 indicators for 152 economies and 14 country groups together with basic indicators for a further 55 economies organised under six thematic headings including the progress made towards achieving the Millennium Development Goals Indicators cover a wide range of topics including poverty and inequality population and migration gender issues health and education housing and urbanisation environment and sustainable development pollution the economy and trade business and investment conditions Most of the statistics are compiled from data provided by national statistical agencies The publication is also available in CD ROM formats for single users ISBN 0821360728 and multi users ISBN 0821360736 Latin America and the Caribbean ,2003 **Rethinking**

World Bank Influence D. Brent Edwards Jr.,2023-04-13 Why is it so hard for international development organizations even ones as well resourced and influential as the World Bank to generate and sustain change in the way things are done in those countries where they work Despite what in many cases is decades of investment and effort why do partner governments continue to engage in those traditional patterns and styles of public service management that international development organizations have sought to supplant with methods that are supposedly more accountable efficient and effective This book provides an answer to these questions However rather than pathologizing partner governments as the source of the problem that is rather than maintaining the distinction between doctor international development organizations and patient partner governments wherein the patient is seen as unwilling to take their medicine enacting good governance practices this book instead reframes the relationship The central argument is first that the programs and projects of international organizations are introduced into and are constrained by multiple layers of ritual governance that is performative acts and cultural logics that intersect with and reinforce the political economic and social structures in and through which they operate As is shown the contextual factors that guide governance practices are largely beyond the reach of the international development

organizations the relevant logics have their roots in state ideology but also extend back to the colonial logics that continue to operate at the heart of the state apparatus The second the central argument is that international aid organizations and the governments with which they work are engaged in a ritual aid dance where each actor plays a part but does not and cannot acknowledge the ways that it depends on the other for its own gain This relationship can be considered a dance because each participant responds to and needs the other and because both sides do so in ways that are carefully choreographed with the overall trajectory or contours of the dance being more or less known to the participants These arguments are based on research on the World Bank s efforts over the course of several decades to encourage through its financing projects and technical assistance the implementation of social sector reform in Indonesia related to decentralization community participation and school based management

World Development Indicators 2011 World Bank,2011 World Development Indicators WDI is the World Bank s annual compilation of data about development This statistical work allows readers to consult over 800 indicators for more than 150 economies and 14 country groups in more than 90 tables It provides a current overview of regional data and income group analysis in six thematic sections World View People Environment Economy States and Markets and Global Links This book presents current and accurate development data on both a national level and aggregated globally It allows readers to monitor the progress made toward meeting the Millennium Development Goals endorsed by the United Nations and its member countries the World Bank and a host of partner organizations These goals which focus on development and the elimination of poverty serve as the agenda for international development efforts The CD ROM contains time series data for more than 200 economies from 1960 2009 single year observations and spreadsheets on many topics It contains more than 1 000 country tables and the text from the WDI 2010 print edition The Windows based format permits users to search for and retrieve data in spreadsheet form create maps and charts and fully download them into other software programs for study or presentation purposes

Better Aid Managing Development Resources The Use of Country Systems in Public Financial Management OECD,2009-03-24 This report takes stock of progress in strengthening public financial management systems and provides recommendations on how best to facilitate achieving the 2010 targets set out in the Paris Declaration

World Development Report ,1991 This report synthesizes and interprets the lessons of more than forty years of development experience Together with last year s report on poverty and next year s on the environment it seeks to provide a comprehensive overview of the development agenda The 1990s began with dramatic changes as many countries in Eastern Europe and elsewhere initiated ambitious reforms of their economic and political systems Against the backdrop of these transitions this report links the historical debates that counseled policymakers in their past decisions the lessons of experience and the evolving thought on how best to proceed One of the most valuable lessons relates to the interaction between the state and the market in fostering development It describes a market friendly approach in which governments allow markets to function well and in which governments concentrate their interventions on areas in

which markets prove inadequate The report looks at four main aspects of the relationship between governments and markets a investing in people b the climate for enterprises to flourish c the integration of countries with the global economy and d a stable macroeconomic foundation for sustained progress The report stresses that above all the future of developing countries is in their own hands Domestic policies and institutions hold the key to successful development *World development sources* World Bank,1997-01-01 Publications Update World Bank,1996 Technology, Employment and Development Implications of New and Renewable Sources of Energy Andrew MacKillop,1983 **Annual Report of the Board of Regents of the Smithsonian Institution** Smithsonian Institution. Board of Regents,1920 *Development and Management of Forest Resources of the Arid Zone of Nigeria* Forestry Association of Nigeria. Annual Conference,1990 Coast Banker ,1921 **Mining American** ,1911 Journal of the Society of Arts ,1885 Public Affairs Information Service Bulletin ,1925 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service,1925 *Official Catalogue of Exhibitors Panama-Pacific International Exposition, San Francisco, 1915* Panama-Pacific International Exposition Company,1915 *Encyclopaedia Britannica* ,1929
