Squeaking Bats:

Squeaking Bats Ruth Berman,2000-01-01 Bats use their voices to find food like a ship uses radar to find its way They squeak out calls and when the noise bounces off of a bug the bat knows it is there and can catch it Although it is a mammal like you a bat can fly and likes to come out only at night Instead of having a baby a bat has a pup In incredible photographs young readers can watch a bat as it lives day by day and night by night

Squeaking Bats ,2003-05-01 Each easy to read nonfiction book for younger students introduces animal life cycles similarities and differences adaptations habitats communication interdependence and needs With crisp close up color photographs and higher level thinking questions built into each text this innovative series engages new readers in their own learning
