The Revival:

The Rhetoric of the Revival: The Language of the Great Awakening Preachers Michał Choiński, 2016-04-18 Michał Choiński explores the language of the key preachers of the Great Awakening of the mid eighteenth century and seeks to explain the impact their sermons exerted upon colonial American audiences The revival of the 1739-43 is recognized as an important event in American colonial history formative for the shaping of the culture of New England and beyond Choiński highlights a variety of inventive rhetorical mechanisms employed by these ministers evolved into what came to be called the rhetoric of the revival became commonplace for American revivalism and were fundamental for the persuasive power of Great Awakening preaching and the communicative success of the New Light ministers *The Revival of 1857-58* Kathryn Teresa Long, 1998-07-02 This book provides a fresh in depth examination of the Revival of 1857-58 a widespread religious awakening most famous for urban prayer meetings in major metropolitan centers across the United States Often mentioned in religious history texts and articles but overshadowed by scholarly attention to the first and second Great Awakenings the revival has lacked a critical book length analysis This study will help to fill this gap and to place the event within the context of Protestant revival traditions in America The Revival of 1857-58 was a multifaceted religious movement that Long suggests may have been the closest thing to a truly national revival in American history The awakening marked the coming together of formalist and populist evangelical groups particularly in urban areas and helped to create the beginnings of a transdenominational religious identity among middle class American evangelicals Long explores the revival from various angles emphasizing the importance of historiography and examining the way Calvinist clergy and the editors of the daily press canonized particular versions of the revival story most notably its role in the history of great awakenings and its character as a masculine businessmen's revival She gives attention to grassroots perspectives on the awakening and also pursues wider social and cultural questions including whether the revival actually affected evangelical involvement in social reform The book combines insights from contemporary scholarship concerning revivals women's history and nineteenth century mass print with extensive primary source research The result is a clearly written study that blends careful description with nuanced analysis *The Great Awakening in the Middle Colonies* Charles Hartshorn Maxson, 1920 The Revival and the Pastor Jonas Oramel Peck, 1894 **Library of Universal Knowledge**, 1880 The Architect, 1879 **1776-1876.
