Better Homes and Gardens ,1930 *The Most Offending Soul Alive* Judith M. Heimann,1999-11-01 An English eccentric and adventurer Tom Harrisson 1911 1976 sought knowledge and renown in a dizzying number of fields while breaking most of the rules of civilized society He was a precursor in the field of modern market research he won the DSO for his World War II service in Borneo he led efforts to save the orangutan the green sea turtle and other endangered species he discovered the oldest modern human skull known at the time This hugely enjoyable story of Harrisson s extravagant controversial life offers a sympathetic and insightful look at a charismatic figure who offended as many people as he impressed at the twilight of colonialism on the fringes of the British empire

Leasure's Stories of Farm Life and Human Challenges Rodger Leasure,2022-11-03 These short stories relate directly to actual events in the author s life They are real events and while humor is injected into the stories there are tragic everyday occurrences that impact our dwindling animal life The author believes deeply that we are both unaware and cruel in our

treatment of the various species and the unawareness could lead to serious consequences The author also is aware that the targeted age group for these stories is five through seven years and believes that it is not for him to teach children their values He believes that responsibility rests with the parents Therefore the stories are written in such a way to be positive and humorous At the same time the author attempts to capture the strength behind the concept of helping one another and the role of friendship in any situation involving the need for assistance from a loved one a neighbor or an acquaintance The author does not seek literary recognition Rather he is objective in realizing what impact modern technology has played in denying the youth of our world from enjoying those long walks to distant fishing spots the consequences of television overdose and the impact of the loss of innocence at younger ages The unresolved question is Whatever happened to the cookie and glass of milk at the end of the school day
