When Stuff Happens:

Sod Sixty! Claire Parker, Muir Gray, 2016-02-04 Getting older doesn't matter. Keeping active does. Sod turning sixty make those small changes now and reap the rewards in your later decades. In the bestselling *Sod Seventy* Sir Muir Gray demanded a bonfire of the slippers and a reframing of what it is to be seventy and older and how to make the most of your seventies by closing the fitness gap to stay fit and strong. *Sod Sixty* is a fun, friendly, hands-on guide to navigating your sixties, a very different decade with very different demands. Find out how to get fitter, whatever your history; how to eat healthily; how to juggle looking after yourself with the responsibilities of family, friends, and work; and how to make the most of this decade of change. But this is no boot camp regime. *Sod Sixty* acknowledges the reality of our daily lives and has a balanced approach packed with achievable, practical, and realistic strategies to improve your health and wellbeing. Our sixties are often thought of as the turning point decade. Use this as an opportunity to take stock, look after yourself, reduce your risk of disease, and make simple lifestyle and attitude changes that will have real impact later on. Use your sixties to make sure you face your seventies more resilient and independent rather than more vulnerable as time passes. This series appeals to anyone looking for straightforward, practical, non-faddy advice to help them stay active and healthy. *180 Ways to Ensure Your Success... and the Success of Your Organization* Donna M. Shut Up, Stop Whining, and Get a Life Larry Winget,2004-11-11 Shut Up Stop Whining Get a Life This is not your typical self help book You won t find any motivational platitudes or cute business parables here This is more of a get off your butt and get to work approach that can help you achieve more success make more money improve your business and have more fun Larry Winget doesn t pull any punches here He believes that business gets better when businesspeople get better through personal growth And it works the same way in your personal life husbands and wives improve each other when they improve themselves and kids improve when their parents do In other words everything in life gets better when you get better and nothing gets better until you get better This book can make you better but it will probably tick you off Winget is direct caustic and controversial You won t like or agree with everything he has to say Yet his advice is full of wisdom and truth that can t easily be argued with Words from Shut Up Stop Whining Get a Life that prove that this book is anything but typical If you don t have much going wrong in your life then you don t have much going on in your life When you work work When you play play Don t mix the two What you think about talk about and do something about is what comes about When it quits being fun quit Time management is a joke And that s just the beginning
