Breath, Body, Being: A Holistic Guide to Yogic Practice 2025 1. Savita Saklani 2. Sonam Devi 3. Dr. Shashi bala 4. Dr. BS Dabral, PREFACE Yoga has always been more than a collection of postures, breathing techniques, or meditation practices. It is a lived experience, a way of aligning the breath, the body, and the being into harmony with life itself. In today's fast-paced world, many approach yoga either as a physical discipline for fitness or as a quick path to relaxation. Yet, beneath these surface benefits lies a timeless science of self-awareness and transformation, carefully preserved and passed down through generations. This book, *Breath, Body, Being: A Holistic Guide to Yogic Practice*, is born from the recognition that yoga must be understood in its wholeness. Each chapter is designed as a step along a journey where the individual gradually deepens awareness of subtle energies, ethical foundations, therapeutic possibilities, and the integration of yoga into daily life. We begin with the breath, the bridge between the physical body and the inner world, exploring its role as the foundation of prana, the vital life force. From there, we honor the body as a sacred vessel, uncovering alignment principles that respect both safety and inner balance. Ethical guidance through the yamas and niyamas offers a compass for living, while explorations of stillness reveal the quiet intelligence of the nervous system and fascia. As the journey unfolds, we turn to sequencing, mudra, bandha, and mantra as gateways to subtle power, and onward to the energetic pathways of nadis and chakras that expand our inner maps of awareness. Dedicated chapters on pranayama, meditation, and Ayurvedic rhythms highlight the importance of balance, resilience, and integration. The book also emphasizes

Ayurveda For Beginners: Kapha: The Only Guide You Need To Balance Your Kapha Dosha For Vitality, Joy, And Overall Well-being!! Rohit Sahu, 2020-10-27

Discover the Secrets of Harmonizing Your Kapha Dosha. Do you often feel lethargic, heavy, and sluggish? Do you struggle with weight gain, congestion, or water retention? Are you prone to depression, complacency, and attachment? Is your skin oily and prone to congestion and dullness? Do you find it difficult to adapt to change and feel resistant to new experiences? If so, it's a clear sign that you need to balance your Kapha Dosha. Ayurveda, which derives from ancient Vedic scriptures, is a 5,000-year-old medical ideology and philosophy based on the idea that we are all made up of different types of energy. There are three doshas in Ayurveda that describe the dominant state of mind and body: Vata, Pitta, and Kapha. While all three are present in everyone, Ayurveda suggests that we each have a dominant dosha that is unwavering from birth and ideally an equal, though often fluctuating, balance between the other two. When doshas are balanced, we are healthy. But when the doshas are out of balance, our well-being is hampered. Each of the doshas has its own special strengths and weaknesses, and with a little awareness, you can do a lot to remain healthy and balanced. I've made a complete series of these three, one for each. This is Kapha; the other two are also available. You can use this series to adjust your lifestyle and routine in a way that supports your constitution. In Ayurveda, Kapha is characterized by Earth and Water elements, making it the heaviest and most stable of the three doshas. In the body, Kapha is liable for solidity and all structures, as well as the right volume of body fluids. It regulates the weight, growth, lubrication of the joints, and lungs, and the creation of all seven tissues: nutrient fluids, blood, muscles, bones, marrow, and reproductive tissue. Protection is the primary feature of Kapha. Kapha types are calm, rooted, and genuine when they are in harmony. If Kaphas get out of balance, they binge eat and under exercise, triggering weight gain and diabetes. Stubbornness and commitment can become a matter for the emotional body. The unbalanced Kapha skin exhibits heavy oiliness, inflammation, cystic acne, blackheads, and large pores. In this book, we'll dive deeper into what Kapha means, what throws Kapha out of balance, and how to identify the Kapha Dosha in your environment, in yourself, and in others. With this book, I'm going to share with you everything you need to know in order to balance Kapha Dosha and use it for your overall vitality, joy, and well-being. Within these pages, you'll dive deep into the essence of Kapha Dosha and its distinctive qualities. Explore the various subdoshas that contribute to your constitution. Uncover the disorders that arise from an imbalanced Kapha. Gain insights into the factors that can disrupt your Kapha harmony. Discover effective strategies to nurture and balance your Kapha Dosha. Embrace a Kapha balancing lifestyle through practical tips and rituals. Find clarity on Kapha Dosha about fasting practices. Learn about foods that pacify Kapha.
