## **The Traitor Machine:**

**The Traitor Machine** Max Marquis, 1980-01-01 *The Lie Machines: How Disinformation is Remaking Our World* Jack S. Martin, 2025-10-13 The Lie Machines is an investigative look into the modern multi billion dollar industry of disinformation. The book argues that online falsehoods are not random noise but the product of a deliberate well funded and technologically sophisticated industry designed to shape reality for profit and power. The author explores the entire ecosystem of deception from the troll farms that manufacture outrage to the digital fixers who bury scandals. It delves into the technology driving this new reality including the deepfake revolution and the inherent biases of the algorithms that control our feeds. Ultimately the book is a guide for citizens to understand and combat these architects of our alternate reality offering a roadmap to reclaim a shared truth.

**The Created** Michael McCloskey, 2015-12-18 What do a stealthy synthetic plant, an eavesdropping sound curtain and an invisible observer have in common? They are artificial agents working tirelessly in the crime ridden city of Red Calais for their ingenious Master. They wend their way through the cutthroats, cat burglars and con men of the greatest city of the core world called Idona, challenged by numerous obstacles. Yet it seems that their Master hardly notices the chaos his automated minions are creating.

*The Traitor's Daughter* Roxana Spicer, 2025-08-26 INSTANT NATIONAL BESTSELLER The masterful narration of a daughter's decades long quest to understand her extraordinary mother who was born in Lenin's Soviet Union, served as a combat soldier in the Red Army and endured three years of Nazi captivity but never revealed her darkest secrets. As a child, Roxana Spicer would sometimes wake to the sound of the Red Army choir. She would tip toe downstairs to find her mother's cigarette in one hand and Black Russian in the other, singing along. Roxana would keep her company and wonder. Everyone in their village knew Agnes Spicer was Russian, that she had been a captive of the Nazis. And that was all they knew because Agnes kept her secrets close. How she managed to escape Germany, what the tattoo on her arm meant, even her real name. Discovering the truth about her beloved, charismatic, volatile mother became Roxana's obsession. Throughout her career as a journalist and documentarian, between investigations across Canada and around the world, she always went home to ask her mother more questions, often while filming. Roxana also took every chance to visit the few places that she did know played a role in her mother's story: Bad Salzflen, Germany, home to POW slave labourers during the war; notorious concentration camps; and Russia under Gorbachev, Yeltsin, and the early years of Putin. She was able to find people, places, and documents that are now perhaps forever lost again. *The Traitor's Daughter* is intimate and exhaustively researched, vividly conversational, and shot through with Agnes Spicer's irrepressible, fiery personality. It is a true labour of love as well as a triumph of blending personal biography with sweeping history.

**The Machine-wreckers** Ernst Toller, 1923 *The War of the Sky Lords* John Brosnan, 2012-12-21 Jan Dorvin, the Minervan, has overthrown the power of no less than five of the mighty airship colonies known as the Sky Lords that once terrorized the Earth and destroyed her people. Now under her rule, the Lord Montcalm, the Lord Matamoros, the Perfumed Breeze, the Lord Retribution, and the Lord Nimrod

all unwillingly bow to the ancient yet superior and terrible technology that she has plucked from outer space But not every Sky Lord is under her control Now her enemies are learning that as much as they hate each other the only way to survive is to join together in a colossal show of strength that not even the laser beams of a Sky Angel a sentient computer program or an uppity Minervan can resist Machinery and Production Engineering ,1926 **The Traitor's Gate** Edgar Wallace,1927

**The Brain-washing Machine** Lajos Ruff,1957 **The traitor's gait, and other stories** George Manville Fenn,1906
