Phillips, 2002 Issues of urban policy are increasingly complex and important Whether considered from a social demographic or economic perspective Canada is overwhelmingly an urban nation and healthy prosperous cities are the key to its well being What then is our national policy toward urban affairs In *Urban Affairs* leading experts in a variety of disciplines explore this question **The Urban Condition: Literary Trajectories through Canada's Postmetropolis** Eva Darias-Beautell, 2019-06-04 Examining the centrality of the city in Canadian literary production post 1960 this collection of critical essays presents an interdisciplinary representation of the urban from a variety of backgrounds and perspectives By analysing contemporary Canadian literature in English the contributors intend to produce not only an alternative picture of the national literary traditions but also fresh articulations of the relationship between Canadian identity citizenship and nation Since the 1960s metropolitan regions across the world have experienced radical transformation For critical urban studies scholars this phenomenon has been described as a restructuring This study argues that in Canada this restructuring has been accompanied by a literary rearrangement of its canon consisting of a gradual shift of focus from the wild or rural to the urban Alluding to the changes within contemporary Canadian cities the term postmetropolis locates the contributors shared theoretical framework within a critical postmodern paradigm Centered on a particular selection of poetic or fictional texts each essay pushes the theoretical framework further suggesting the need for new tools of interpretation and analysis This book presents an urban literary portrait of Canada that is both thematically and conceptually coherent Using a range of interdisciplinary methodologies it adeptly navigates a range of urban issues such as surveillance asylum diaspora mobility the queer and the post political This book will be of interest to those studying or working on Canadian literature both in Canada and internationally as well as to those scholars engaged in investigations that intersect literature and urban studies **Canadian Urban Growth Trends** Ira M. Robinson, 2011-01-01 *Canadian Urban Growth Trends* is a penetrating analysis of the conditions and the sometimes perplexing recent trends in urban population growth in Canada which presents a strong argument for the adoption of a settlements policy at the federal level **Urban Geography in America, 1950-2000** Brian J.L. Berry, James Wheeler, 2014-05-01 *Urban Geography in America* offers a comprehensive historiography of this major field Compiling the best essays from the flagship journal *Urban Geography* it shows the evolution of the field from the 1950s to 2000 as it shifted from data driven social science modeling in the 1960s to the more critical perspectives of the 1970s to postmodernism in the 1980s to feminism and globalization in the 1990s It covers all the major trends and figures and features some of the most important names in the field Ultimately this will be a necessary reference for all scholars in the field and all graduate students taking introductory courses and preparing for their comprehensive exams *The Canada Year Book* Canada.
