Urban Development in Southern Europe Erwin Anton Gutkind,1971      Urban Development in Southern Europe Erwin A. Gutkind,1967      Routledge Revivals: Planning and Urban Growth in Southern Europe (1984) Martin Wynn,2017-07-05 First published in 1984 this book addresses key questions about the pattern of urban development in Southern Europe and the mechanisms employed to control and regulate this development in individual countries It examines five countries Greece Italy Portugal Spain and Turkey that have experienced different scales and rates of urbanization and industrialization It identifies common problems arising from these processes as well as the successes and failures of the planning policies employed to regulate development This book will be of great value to geographers interested in Southern Europe and urban and regional planners interested in comparative patterns of development      International History of City Development: Urban development in southern Europe: Spain and Portugal Erwin Anton Gutkind,1967      **International History of City Development** Erwin Anton Gutkind,1965      **Urban Development in Southern Europe** ,1967      *Urban Development in Southern Europe* E. A. Gutkind,1967      **History of Urban Form Before the Industrial Revolution** A.E.J. Morris,2013-12-02 Provides an international history of urban development from its origins to the industrial revolution This well established book maintains the high standard of information found in the previous two editions describing the physical results of some 5000 years of urban activity It explains and develops the concept of unplanned cities that grow organically in contrast with planned cities that were shaped in response to urban form determinants Spread throughout the texts are copious illustrations from a wealth of sources including cartographic urban records aerial and other photographs original drawings and the author s numerous analytical line drawings      *The Urban Transport Crisis in Europe and North America* J. Pucher,C. Lefevre,1996-06-18 Increasing levels of auto ownership and use are causing severe social economic and environmental problems in virtually all countries in Europe and North America This book documents the worsening transport crisis and differences among countries in their urban transport and land use systems The focus is on public policies to deal with urban transport problems Through in depth case studies of eight countries the book seeks to evaluate the effectiveness of alternative solutions to transport problems and thus a way out of the transport crisis      International History of City Development E. A. Gutkind,1964      **International History of City Development Volume III Urban Development in Southern Europe Spain and Portugal** E. A. Gutkind,1967      **Research Handbook on Urban Sociology** Miguel A. Martínez,2024-04-12 Emphasising the social critical and situated dimensions of the urban this comprehensive Research Handbook presents a unique collection of theoretical and empirical perspectives on urban sociology Bringing together expert contributors from across the world it provides a rich overview and research agenda for contemporary urban sociological scholarship      **International History of City Development. Vol. 3** ,1967      Comparative Urban Research ,1972      **Concepts of Urban-Environmental History** Sebastian Haumann,Martin Knoll,Detlev Mares,2020-03-03 In history

cities and nature are often treated as two separate fields of research Concepts of Urban Environmental History aims to bridge this gap The contributions to this volume survey major concepts and key issues which have shaped recent debates in the field They address unresolved questions and future challenges As a handbook the collection offers a comprehensive overview for researchers and students both from a historical and an interdisciplinary background

**Preserving and Constructing Place Attachment in Europe** Oana-Ramona Ilovan,Iwona Markuszewska,2022-10-10 This book offers a variety of theoretical and methodological approaches to place attachment from a European perspective Starting from a dynamic relational and participatory concept of place attachment the book discusses place making and place attachment processes through place based development and community place driven actions It also presents examples of creating place attachment through nature and culture based contexts and focuses on how sustainable planning and territorial identities enhance place attachment Finally this book presents and discusses re constructing place attachment within transition processes and through strategic solutions for urban recovery and regeneration of post industrial areas By considering the social environmental economic and political effects of building strengthening and maintaining place attachment this book is a valuable read for all those working with and interested in learning more about place attachment geographers landscape planners sociologists psychologists environmental and political scientists and members of community movements
