Valhalla Calvary Auschwitz:

Valhalla, Calvary & Auschwitz S. Giora Shoham, 1995 In this tour de force S Giora Shoham reveals the social cultural and political mechanics of how anti Semitism became the motivating ideology of the Third Reich and the Nazi movement This ideology impelled an evil empire to murder some six million Jews and millions of other undesirables viz Slavs Gypsies Communist commissars etc The book provides the most detailed and cogent answer yet to the often asked question how is it possible for the most civilized nation possessing the highest technological and scientific skills to embark on a campaign of murder rape and robbery on a scale unprecedented in world history Even more pertinent for the Jews has been the question why were the Jews singled out for immediate massacre and then systematic destruction No single compelling answer has been proffered in the past fifty years Shoham explains why the German social character and the Jewish social character were dramatically opposed why the clash between them was inevitable given the right circumstances and why the Holocaust was inevitable in Germany due to an incestuous relationship between Germans and Jews The multidisciplinary approach of the author raises interesting methodological questions which will no doubt stimulate debate among scholars *Auschwitz* Dina Wardi, 2003 Dina Wardi an Israeli Jewish psychologist noted for her work with Holocaust survivors and their children has written an account of her experiences leading a multinational group of Catholic nuns and priests during a conference on anti Semitism persecutions and the Holocaust which included visits to the Auschwitz concentration camp in Poland The result is a dynamic portrayal of a trip to this most sacred place that has profoundly affected the lives and mission of all involved *Auschwitz* is an important study of the Jewish Christian dialogue regarding Christian Holocaust guilt anti Semitism in the Catholic Church and ecumenism BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Ark in the Authentic Domain** Shlomo Giora Shoham, 2008-12-18 This volume is an innovative exposition of the person and teaching of Rabbi Johanan Ben Zakkai the Rivaz the 1st century Jewish sage who crossed the lines over to emperor Vespasian during the siege of Jerusalem He proclaimed that for the Jews the learning of the Torah was even more essential than independence Hence he asked for permission to study the Torah at Jabneh where after the destruction of the Second Temple he established the famous schools for religious studies He is very controversial within Orthodox circles until this very day However we claim that he saved Judaism as it is studied and upheld throughout the generations of scholarship in the diasporas of Babylon Spain North Africa and Europe The story and the saga of Rabbi Johanan Ben Zakkai is presented in this volume within the context of the history of the Jews and Judaism **The Binding of Isaac, Religious Murders & Kabbalah** Lippman Bodoff, 2005 In a series of evocative groundbreaking articles the author analyzes the Biblical and Rabbinic basis for what surely are now some of the most hotly debated topics in Jewish religious thought today These include how the traditional interpretation of the Binding of Isaac has been misapplied in both Christian theology and Jewish martyrology and how the centuries long and newly resurgent belief in mysticism and messianism in kabbalah and Hasidism

has distorted classical Judaism and thwarted its national and cultural development The author counters the arguments of those who see Judaism s and the world s newfound obsession with mysticism and kabbalah as a natural outgrowth of a progressive trend within rabbinic Judaism and warns of the impending danger of rejecting the very core of Jewish thought and opinion as it was expounded in the Torah and classical Jewish tradition the Oral Law Each section of this magnificent work will give the reader new insights into how different aspects of Judaism have evolved and why they have often been in contention with each other Nor is he afraid to deal with some of the supercharged issues within Judaism such as what are the underlying premises of Jewry s claim to the Divinely Promised Land And has this claim been affected by its failure to pursue an active program of nationalism These highly acclaimed articles have been gleaned from today s leading Jewish journals and have stood the test of time They contain valuable source material and are a ready reference to the many historical and religious topics that are the focus of discussion across all main Jewish denominations

Bibliography On Holocaust Literature Abraham J Edelheit,2021-11-28 In this second supplement to their Bibliography on Holocaust Literature the authors have compiled 4000 new entries to keep pace with the outpouring of literature on the subject Readers attention is directed to new materials and to items newly available including books pamphlets and journal articles many of which are catalogued for the first time There is a new section on Soviet anti Semitism and expanded coverage of neo Nazism neo fascism

The Promethean Bridge S. Giora Shoham,2004 This is not a work on physics nor is it a tract on personality but rather an effort to link them together in order to examine the cognitive relationship of humans with their surroundings We explore the interaction between the human mind and energy matter the adoption of quantum mechanics allows us to bridge the distinction between physics and psychology We invoke here the principles of quantum mechanics symbols and great myths from Tantalus Sisyphus and Prometheus through the Kabbalah and the Gnostic religions to great historical figures in art and literature Our personality theory first expounded in *The Myth of Tantalus* 1979 is expanded here into truly interdisciplinary research examining the relationship of humans with God and the universe We claim that myths reflect the human mind more profoundly than any other means available they serve as a bridge to unknown parts of the human psyche and history and form the basis for human behavior for centuries We therefore use a method we call myth empiricism It is indeed amazing to see the connection between the structure of the human mind and that of energy matter as it is reflected in the mytho empirical context

Victimology, International Action and Study of Victims: Theoretical issues (general part) and documents Zvonimir Šeparović,1988

God as the Shadow of Man S. Giora Shoham,2000 *God as the Shadow of Man* is based on the pioneering work of Claude Levi Strauss who postulated that myths are links between nature and culture Shoham enlarges this concept and claims that myth in the form of a mythogene the structural longings and experiences of the individual as projected onto mythology links history and transcendence the individual and society and consciousness and energy matter The mythogenes are related to Shoham s personality theory which in essence postulates that personality types

can be paxonomized along a continuum with one pole having the Tantallic type which aims to melt into the object and the other pole having the Sisyphean type which aims to overpower and control the object **Antisemitism** Susan Sarah Cohen,1998 **The Jerusalem Quarterly** ,1985 *Shofar* ,1998 **Antisemitism: 1984-1985** Susan Sarah Cohen,1987

To Test the Limits of Our Endurance S. Giora Shoham,2010 A new approach to culture and cultural patterns is elucidated through relating a theory of personality and social characters to the genesis of myths and religions Cultures are classified along a continuum and their relationship to a given personality structure is based on the assumptions that cultures possess generalized traits and that these traits relate to characters of individuals Cultures like man pass through the age phases of childhood youth manhood culminating in old age It is the cultural goals and the means to achieve them that become the culture pattern What are these cultural goals How do we achieve them Every society and culture has its own indigenous mythology Myths move in time from sacred myths recorded before history to modern myths like master detectives Sherlock Holmes and Hercule Poirot or the master spy John Le Carr c TM s Smiley or even Superman who realizes the dreams of omnipotence among the downtrodden henpecked inhabitants of Metropolis Thus myths provide meaning and motivation for human behavior **The Myth of Tantalus** S. Giora Shoham,2005 This fully revised second edition provides a detailed explanation of personality developmental dynamics taking into account mysticism and religious experience as psycho sociological phenomena and using empirical anchors ranging from the topical issue of Arab Jewish relationships to the divergent personalities of the founders of the Hassidic movement These psychological dynamics are presented by way of the developmental and relationship experiences we have with the outside world alternations between conflict and a striving to revert back to earlier developmental phases At any given moment of our lives there is a gap between our desires for participation and our subjectively defined distance from our participatory aims This gap is called the Tantalus Ratio after the Olympian demigod Transcendental longings and quests are explored in their actual structuring of the human personality This new Theory of Personality also explores the mytho empirical manifestation of the normative s *Choice* ,1996 [Index to Jewish Periodicals](#) ,1998 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **State Persecution and Vulnerability** Meir Amor,2003 **Midstream** ,1998 *Partial Answers* ,2005 **Sephardim Today** ,2002
